DIVISION OF AGING AND ADULT SERVICES
INTRODUCTION
SFY 2012**

HISTORY

A growing nationwide awareness of the problems of the elderly and the needs for services and assistance on their behalf led to the passage of the Older Americans Act in 1965. This legislation, which created the Administration on Aging at the federal level, also mandated the establishment of a state unit on aging in each state to administer programs under the Act. Accordingly, the Arkansas Office on Aging was established in 1966 by proclamation of Governor Orville Faubus under the auspices of the Governor's Office.

Since 1965, the Older Americans Act has been amended several times, each time expanding the roles of state units on aging. Arkansas legislation has also changed the name of the state unit on aging, the organizational location, and its authority and funding responsibilities. In 1971, the State Unit was placed within the Department of Social and Rehabilitative Services. The responsibility for Adult Services was assumed in 1972.

The agency achieved divisional status through Act 228 of 1977, and the responsibility for adult protective services was transferred by the General Assembly in 1979. As a result of Act 348 of 1985, the Division of Aging and Adult Services (DAAS) was created within the reorganized Arkansas Department of Human Services. In 1997 the Division began providing services to adults with physical disabilities.

MISSION AND OBJECTIVES

The Division's mission is to promote the health, safety and independence of older Arkansans and adults with physical disabilities by working toward two primary goals: (1) to provide administrative support services for aging Arkansans and adults with physical disabilities; and (2) to enhance the quality of life for aging Arkansans and adults with physical disabilities. The Division is responsible for planning coordinating, funding, and evaluating programs for older adults and adults with physical disabilities that are authorized by both state and federal governments.

THE ADMINISTRATIVE AGING NETWORK

The federal organization that makes the Older Americans Act a reality is the Administration on Aging (AoA). AoA is directly under the U.S. Department of Health and Human Services (HHS). The administrative network reaches through the 10 regional offices of HHS to the 56 State Units on Aging (SUAs) and some 655 Area Agencies on Aging (AAAs).

PRESIDENCY

DEPARTMENT OF HUMAN SERVICES

ADMINISTRATION ON AGING

Recommends policy, develops regulations to implement the Older Americans Act (OAA) and administers the OAA budget, grants for research, training, model projects, etc.

REGIONAL OFFICES ON AGING

(10 Regions)

Provide technical assistance to states and monitor state aging programs.

STATE UNITS ON AGING

(56 Jurisdictions)

Coordinate state level activities on behalf of older people, develop and administer the state plans on aging, serve as advocates, and provide technical assistance to Area Agencies on Aging.

AREA AGENCIES ON AGING

(629 Agencies)

Develop and implement the area plans on aging, serve as advocates for older people, coordinate with other agencies and organizations in the planning and service areas to develop comprehensive aging service systems, and administer the Older Americans Act programs within their jurisdictions.

DAAS SERVICES PROVIDED
SFY 2012**

Senior Citizens Centers provide a wide range of services for aging adults, typically including recreational activities for adults, socialization, educational programs, and other services. **Arkansas has 195 such centers.**

Chore Services is for individuals without adequate help to perform services for them. This is a household service which may include running errands, preparing food, simple household tasks, heavy cleaning or yard and walk maintenance which the client is unable to perform alone and which do not require the services of a trained homemaker or other specialist. **There were 733 clients served in SFY 2012.**

Homemaker provides household management tasks such as menu planning, bill paying, and checking account management. Individuals must be without significant social support systems able to perform services for them. **Homemaker served 139 clients in SFY 2012.**

Legal Assistance clients must be age 60+ needing legal advice that does not involve criminal charges. **Legal Assistance provided 1,067 hours of service to 287 clients in SFY 2012.**

Congregate Meals are available for individuals over 60 years of age. The meals are served in a group setting such as a senior center or elderly housing facility and are usually associated with activities to promote social interaction and reduce social isolation. **This service provided 1,481,572 meals to 44,052 clients in SFY 2012.**

Home Delivered Meals provides meals to clients who are age 60+ (or spouse or disabled dependent of person age 60+), homebound, and unable to prepare nutritionally adequate meals, and living in an area where the meal can be delivered. **Home Delivered Meals served 2,084,243 meals to 16,533 clients in SFY 2012.**

Client Representation is provided by a knowledgeable worker who assists individuals in receiving services and benefits for which they are eligible. **Assistance was provided to 6,461 unduplicated clients in SFY 2012.**

Personal Care assists Medicaid clients in meeting daily living tasks to enable the client to remain in the community. **Service was provided to 510 clients in SFY 2012.**

Public Guardianship assists incapacitated Medicaid clients by making informed consent to needed medical and long-term care decisions. **Service was provided to 331 clients in SFY 2012.**

Pace is a comprehensive health and social services delivery system that provides and coordinates primary, preventive, acute and long-term care services to the frail elderly as a means for keeping them in their homes and communities for as long as possible.

ElderChoices is a Medicaid home and community-based program that provides in-home services to individuals 65 and over. These in-home services are designed to delay or prevent institutionalization by maintaining, strengthening, or restoring an eligible client's functioning in his or her own home, that of a caregiver, or foster home. Services may include adult day care, adult day health care, adult family homes, chore, home delivered meals, homemaker, personal emergency response system, adult companion and respite care.

IndependentChoices began as a consumer-directed Medicaid waiver for Medicaid eligible persons age 18 and above who have a medical need for personal care service. On April 1, 2008 the IndependentChoices program was approved by CMS to be an option in the Medicaid Personal Care Program with the approval of the State Plan Amendment. CMS also approved two home and community based waiver services, Adult Companion Services and Homemaker, as eligible services offered through the IndependentChoice Program. This consumer directed service offers a person a monthly cash allowance in place of traditional personal care. Each participant works with his/her counselor to establish a budget based on his/her individual assessed needs for personal assistance. Eligible persons are able to choose, supervise and pay their own personal care aide and use some of the allowance to purchase goods and services related to personal care needs. The IndependentChoices participant (or his/her designated decision-making partner) will be assisted by a counselor who will coordinate enrollment and provide information as questions arise. The participant receives counseling and fiscal support at no additional cost to the participant's budget.

Alternatives for Adults with Physical Disabilities (AAPD) provides attendant care and environmental modification services to individuals ages 21 through 64 who are determined physically disabled by either Social Security or the DHS Medical Review Team and who meet the criteria for intermediate nursing home care. The individual's income should be under 300% of the SSI Federal Benefit Rate and meet the resource limits for Medicaid. Persons who qualify will also receive regular Medicaid benefits such as doctor and hospital services. Clients choose their attendants and are responsible for training, hiring, firing, and supervising activities.

Adult Day Care services are community-based group programs designed to meet the needs of functionally and/or cognitively impaired adults through an individual case plan. These structured programs provide a variety of health, social and support services. Adult day centers operate programs during normal business hours with some programs offering evening and weekend services. **These programs served 55 clients in SFY 2012.**

Transportation Service transports a client from one location to another so that the client has access to needed services, care, or assistance, such as medical services, shopping, bill paying, etc. The service may include escort assistance. **This service provided 473,752 one way trips to 7,464 clients in SFY 2012.**

Federal Senior Community Service Employment Programs serves persons with low incomes who are 55 years old or over and have poor employment prospects. The program has two purposes: 1) to provide useful community services through part-time, temporary employment where program participants are engaged in community services and 2) to foster individual economic self-sufficiency where participants receive work experience and job skills that can lead to unsubsidized employment. For Program year July 01, 2011 - June 30, 2012, 270 participants were served in the Federal Senior Community Service Community Service Employment Program and 16 participants were placed in unsubsidized employment. **For this same time period, 158 participants were served in the State Older Worker Community Service Program.**

Information and Assistance is available to all older persons, their families, and friends. The service includes concrete information about services and benefits and where to obtain them. It may include assistance with referral to an agency providing the service or benefit and follow-up to see if the service was satisfactory. **There were 92,705 state referrals given to 55,808 clients during SFY 2012.**

ADULT PROTECTIVE SERVICES
SFY 2012**

The Adult Protective Services Unit protects and assists adults, age 18 and older, who are:

- Abused, neglected, or exploited, or any combination thereof; and
- Who are endangered as a result of lack of capacity or impaired from mental or physical disease or defect as these terms are defined by Arkansas Statute.

Adult Protective Services (APS):

- Acts as an advocate for adult Arkansans who are endangered and are impaired or lack capacity.
- Searches for the least restrictive living alternative for individuals who are capable of providing for themselves.
- Strives to involve the adult requiring services, as well as the family, in the decision making process.

DIVISION OF BEHAVIORAL HEALTH SERVICES
INTRODUCTION
SFY 2012**

Division Overview

The Division of Behavioral Health Services (DBHS), within the Department of Human Services, is responsible for ensuring the provision of public mental health and substance abuse treatment/prevention services throughout the state of Arkansas.

Mental Health Services

DBHS discharges its responsibility for the provision of public mental health services by operating the 220 bed Arkansas State Hospital (ASH) and the 285 bed Arkansas Health Center (a skilled long-term nursing home facility), by contracting with thirteen local, private non-profit Community Mental Health Centers (CMHCs), and certifying two private non-profit specialty Community Mental Health Clinics. Priority populations for DBHS mental health services are individuals found not guilty by reason of mental disease or defect, individuals assessed as potentially violent, other forensic clients, adults with a serious mental illness, and children and adolescents with a serious emotional disturbance. The Arkansas State Hospital includes 90 adult acute care beds, 92 forensic beds, and 38 adolescent beds. Admission to acute care beds is through a referral from the state's CMHCs. Admission to forensic beds, for either evaluation and/or treatment, is by a circuit court order. The Arkansas Health Center provides skilled nursing home services for individuals with mental health problems that cannot be effectively managed in other nursing homes. The Center also provides some other specialized nursing home care.

Each of the state's 13 CMHCs provides services in one of 13 designated geographic catchment areas that encompass the entire state. All CMHCs are nationally accredited by either Commission on Accreditation of Rehabilitation Facilities (CARF) or the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO). CMHCs operate out of 134 sites located in 66 of the state's 75 counties. Services are provided in all counties of the state through off-site outreach. CMHCs provide screenings for all persons referred for publicly supported inpatient care, including at the Arkansas State Hospital and in local psychiatric hospital beds paid for through funds provided to the CMHCs.

Additionally CMHCs provide a comprehensive array of clinical and rehabilitative mental health services including: crisis intervention and stabilization; mental health, psychiatric, psychological and forensic assessment; treatment planning; individual, family, and group therapy; medication management; case management; day treatment/partial hospitalization programs; psychiatric rehabilitation day programs; specialized services for children with serious emotional disturbance, including interagency service coordination and wrap-around; prevention, consultation, and education; and other supportive services such as housing, vocational, and foster care services. The state's two certified Community Mental Health Clinics (Birch and GAIN) provide specialized services for adults with severe and persistent mental illness.

Substance Abuse Services

The Substance Abuse and Prevention Services within DBHS is the single state agency responsible for funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs, gambling treatment, juvenile drug court, Access to Recovery and providing training to the field of substance abuse.to the field of substance abuse.

Substance Abuse and Prevention Services distributes federal funds from the Substance Abuse Prevention and Treatment Block Grant to provide alcohol and drug prevention and treatment services in the state.

Substance Abuse Services (Continued)

Prevention Services are funded through 25 grants and contracts with local programs, communities and other organizations to provide an array of prevention services. In addition to these local grants and contracts, substance abuse services and prevention funds 14 Prevention Resource Centers (PRC) in the state that are designed to respond to the needs of a particular geographical area to support its prevention initiatives. PRCs also work with businesses to provide prevention activities in the workplace to help businesses deal with substance abuse.

Substance Abuse Services licenses 52 alcohol and drug treatment programs in the state and approves Opioid Treatment Programs. The office is responsible for overseeing the provision that persons court ordered to treatment meet the requirements of the Substance Abuse Commitment Law. Alcohol and drug treatment services are provided through various funding sources. Substance abuse funds the following treatment services:

- Twelve funded Regional Alcohol and Drug Detoxification Centers that provide detoxification services to persons needing supervised withdrawal from some type of substance abuse;
- Seventeen funded residential/outpatient treatment centers that provide alcohol and drug counseling service coupled with room and board when necessary;
- Court Ordered Referral and Treatment Program providing court-ordered treatment for clients committed to treatment under the Substance Abuse Commitment Law from Central Arkansas;
- Twenty-three funded outpatient centers that provide alcohol and drug counseling services;
- Four secure-treatment beds that provide secure treatment for court-committed clients from outside of the Central Arkansas Area;
- Provides substance abuse services for court ordered Juvenile Drug Courts. These services are available in 10 different judicial district. Services are provided by 10 contracted licensed providers. These contracts are awarded via bid process. Juveniles admitted to the Juvenile Drug Court program are provided a number of services including, outpatient, residential case management, and random urine analysis;
- Seven Special Women's Services programs which allows a parent to bring up to two children into treatment with her. Other services include alcohol and drug counseling, parenting skills, room and board, transportation, referral for medical services, job readiness and child care;
- Five residential adolescent treatment programs that provide residential alcohol and drug treatment;
- Four Opioid Treatment Program (methadone maintenance treatment) providing medication and outpatient drug counseling to opiate abusing clients;
- Access to Recovery is a grant-funded initiative which provides vouchers to clients for purchase of substance use disorder clinical treatment and recovery support services. The goals of the program are to expand capacity, support client choice, and increase the array of faith-based and community based providers for clinical treatment and recovery support services.
- Gambling treatment follows the same structure as treatment for drug addiction or other similar addictions. There are 11 providers that provide this service.

Substance Abuse Services (Continued)

Substance Abuse and Prevention Services administers funds to seven Drug and Alcohol Safety Educational Programs (DASEP). DASEP is responsible for providing the court with a Pre-sentence Screening Report on all persons adjudicated for Driving While Intoxicated/Driving Under the Influence of alcohol or other drugs. Educational services are also provided by the DASEP for those offenders required to take an educational course to get their drivers license reinstated.

The Substance Abuse and Prevention Services funds the Arkansas Prevention Certification Board and the Arkansas Substance Abuse Counselor Certification Board. Both boards oversee the quality of persons providing alcohol and drug counseling and prevention services. Substance Abuse Services also administers two major data collection efforts that include the Arkansas Prevention Needs Assessment Student Survey conducted and published annually, and the Risk Factors for Adolescent Drug and Alcohol Abuse in Arkansas, an archival data report compiled from various state data sources.

Training services for the field of alcohol and drug services are funded by substance abuse services through contract and grants with Mid-South Addiction Training Network, Mid-South Summer School, and the Prevention Institute. These organizations provide training throughout the state for persons working in the field of substance abuse.

Number of Clients Served

During SFY 2012, 72,351 persons received mental health services through DBHS mental health programs, 13,406 received substance abuse treatment services, and 43,696 received drug abuse prevention services. Tables 7 through 10 show the unduplicated number of mental health clients served by each provider. The total served in these tables (74,069) represents the duplication across providers in the system. Thus, there were 1,718 instances (74,069- 72,351) during the year of a person who had received mental services from one provider, also receiving mental health services from another provider. For SFY 2012, Substance Abuse Services reports no duplication across providers. A total of 13,406 unduplicated persons served received substance abuse treatment services.

CHILD CARE ASSISTANCE PROGRAMS
SFY 2012**

The Child Care Assistance Program began in 1989. The initial purpose of this program was to provide subsidized child care services to low-income families utilizing child care voucher services. The families must be working, enrolled in an educational program, or attending training. Child care voucher services are also provided to families and children needing Protective Services and Foster Care. In 1997 with the authorization of welfare reform, the process was expanded to include families receiving Transitional Employment Assistance (TEA) and families transitioning from TEA to Extended Support Services (ESS).

THE QUALITY PERSPECTIVE

The Program Development Unit within the Division is in a unique position of providing supportive services to child care providers, families and DCCECE staff. The Unit provides development services to child care programs, staff and parents through several methods. Developing and implementing new programs for young children include expanding current programs and improving all early care and education child care programs. Professional development activities include training and technical assistance services that encourage and ensure quality child care services for young children. The professional and program development activities are inherent to supporting expansion of quality child care for Arkansas children. Mandatory trainings required by minimum licensing standards include specific program activities for new staff, new family child care providers and new directors:

ARKANSAS CHILDREN'S PROGRAM ADMINISTRATOR ORIENTATION (NEW DIRECTOR'S ORIENTATION)

The Orientation is a licensure requirement and provides a comprehensive eighteen (18) hour training for all new directors of child care centers. The topics in this series of trainings assist center directors in fulfilling his/her administrative duties. Topics (which are divided into three (3) days of training) include: effective organizational management, effective supervision, family and community relations, basics of legal and financial management, staffing for success, program development, professional development, and effective communication. During the past year, fifty-seven (57) classes were held with 1,173 directors attending.

BETTER BEGINNINGS INCENTIVE GRANTS

In July 2010, all grants were consolidated under the Better Beginnings Incentive Program. Providers can access grant funds after signing on to Better Beginnings and achieving at least level one. The grants are divided into two parts: Incentive and Professional Development. The incentive portion has four areas to choose from: Administration, Environmental, Development/Family Involvement and Other. The professional development portion is to assist providers in getting their required professional development hours.

In the 2011-2012 grant year, there were a total of 510 programs awarded Better Beginnings grants totaling \$883,922.18.

PROFESSIONAL DEVELOPMENT

The Arkansas Early Childhood Professional Development System (AECPPDS) was developed and guidelines were promulgated in 2004. The purpose of the system is to create a coordinated system of professional development for early care and education providers in Arkansas. The implementation of the system was made possible through five working committees with the oversight of a steering committee. An evaluation of the system was completed September 2007 with recommendations for improving the competency areas, the three registries, the career lattice and to include on-going work with higher education. During 2008-2009, the system was rebranded and renamed TAPP (Traveling Arkansas Professional Pathways). The Practitioner Register now has 31,575 participants and the Trainer Registry has 1,364 verified trainers. (Website: <http://professionalregistry.astate.edu/>)

The Arkansas Early Childhood Professional Development Registry tracks practitioners and trainers in an effort to increase training and education levels and to ensure quality educational opportunities.

COMMUNITY DEVELOPMENT BLOCK GRANT PARTNERSHIP WITH ARKANSAS ECONOMIC DEVELOPMENT COMMISSION

DCC&ECE and Arkansas Economic Development Commission (AEDC) have a working partnership to assist in the development of quality child care programs in Arkansas. DCC&ECE provides the pre-application review for AEDC to determine the viability of potential child care projects. AEDC provides grant funding for construction or renovation of child care facilities which will serve a majority of low to moderate-income children. These grants are available only to city or county governments. Funding available to support these construction/renovation grants was decreased during the 10-11 SFY to \$540,000 and with increased construction costs, the number of projects recommended has decreased.

QUALITY INITIATIVES

SCHOOL READINESS INDICATORS

The University of Arkansas at Little Rock (UALR) Children's Data Center/Institute for Economic Advancement continues to gather and track school readiness indicators and provides data for policy planning. The ability to establish trend data that informs our policy decisions occurs through use of the trending reports. Additional child health indicators are incorporated each year and the "Getting Ready For School" report is released each Fall. The Division is working with UALR/Institute for Economic Advancement on an interactive web-based portal making available information on all early care and education programs, projects, funding and resources to be available by summer of 2012.

Family Child Care Business Training -----Training for family child care providers in business, management and fiscal recordkeeping is provided to all newly licensed family child care providers on an individual basis and group sessions are offered and open to all licensed family child care providers. The training is based on the Tom Copeland Business or Family Child Care publications;

Ages and Stages Questionnaire (ASQ), a parent completed developmental screening is being piloted in over 50 child care programs. The CCR&R staff have trained child care providers with high-voucher usage, in the use of the developmental screening tools based on a child's age. The scoring is completed and information is shared on all children screened with the local medical home for the child. A DHS fellow has worked on the evaluation component of this project, a final report will be available in Fall of 2013. The ASQ project will continue with additional child care programs being trained to expand this service.

LICENSING & ACCREDITATION

ARKANSAS DHS STATISTICAL REPORT LICENSING AND ACCREDITATION SFY 2012

The Child Care Licensing Unit was placed with the Division of Child Care and Early Childhood Education following the passage of Act 1132 in 1997. The Accreditation program became part of the unit in 2005 when the Division began work on "Better Beginnings", a quality rating and improvement system for licensed center and home child care providers. In July of 2009, the Placement and Residential Licensing Unit was placed with the Division. With this growth, the unit was renamed the Licensing and Accreditation Unit, which consists of three parts: Child Care Licensing, Better Beginnings, and Placement and Residential Licensing.

The Licensing and Accreditation Unit is responsible for licensing child care situations where more than five (5) children are cared for, maintaining the Voluntary Registry for persons providing care to five (5) or fewer children and choose to be registered, administering Better Beginnings, and the licensing of child placement, residential, and adoption agencies. The Unit routinely inspects licensed centers and licensed and registered homes a minimum of three (3) times per year. Some licensed centers or homes that are Better Beginnings level 2 or higher and have high levels of compliance may be placed on a reduced monitoring schedule. Technical assistance and consultative services are provided to licensed and registered programs, applicants, parents, and to programs that are participating in, or who have applied for, Better Beginnings.

The Child Care Licensing Unit investigates complaints of non-compliance on licensed and registered child care facilities. The Unit also assists the Crimes Against Children Division of the Arkansas State Police, and the Division of Children and Family Services in the investigation of child maltreatment complaints in these facilities. The Child Care Licensing Unit is responsible for processing and tracking background checks on all child care owners/operators and employees through the FBI, State Police, and the Arkansas Child Maltreatment Central Registry. Child Care Licensing ensures that appropriate corrective action is taken on any persons found to have a record of child maltreatment, and that persons who have a conviction of a prohibited offense are removed from child care.

The Child Care Licensing Unit has converted to hand-held tablet computers to further streamline the collection of field data. The Licensing Unit worked closely with Northrop Grumman to redesign the central licensing computer system (CLEAN). The new system (CCLAS) is an "occasionally connected" system that improves the efficiency of staff, and increases communication with providers. It went live on September 2010, with Better Beginnings functionality added and released for production in July 2011.

The Better Beginnings Unit is responsible for maintaining a quality accreditation system which consists of three quality tiers above minimum licensing requirements. Providers qualifying for levels above minimum licensing are entitled to grants based on their level. Implementation of Better Beginnings began in July 2010. The goal of the Better Beginnings Unit is to improve the quality of care for children in child care settings by increasing the number of programs participating in Better Beginnings.

The Placement and Residential Licensing Unit is responsible for licensing child placement and residential agencies. This includes state and private agencies that have one or more programs such as placement, foster care, therapeutic foster care, residential facilities, psychiatric facilities, sex offender facilities, emergency shelters and adoption agencies. The Placement and Residential Licensing Unit investigates complaints of non-compliance on licensed agencies. The Unit also assists the Crimes Against Children Division of the Arkansas State Police, and the Division of Children and Family Services in the investigation of child maltreatment complaints in these facilities. The Licensing staff members ensure that appropriate corrective action is taken on any persons found to have a record of child maltreatment, and that persons with a prior conviction of a prohibited offense are removed from caring for children.

The Placement and Residential Unit is in the development phase of a computer application that will support the work processes of the Unit. The first phase will support the monitoring of DCFS foster homes. The second phase will support the monitoring of private agencies.

THE DIVISION OF CHILDREN AND FAMILY SERVICES
INTRODUCTION
SFY 2012**

The Division of Children and Family Services (DCFS)

DCFS is committed to protecting children and preserving families. Every child deserves to grow up in a permanent family. The primary and preferred way of achieving this goal is to provide families experiencing turmoil with services to prevent the need to place children outside their home. When a child must be separated from his/her family, DCFS will provide a safe environment and will make efforts to provide services to reunite the family or to find the child a permanent home.

In State Fiscal Year (SFY) 2012, 35,743 reports of abuse and neglect were investigated. Of these reports of abuse and neglect, 8,426 (24%) were determined to be true, 27,317 (76%) were unsubstantiated. Of the reports accepted for investigation, 29,954 (84%) were assigned to DCFS.

Arkansas State Police (Crimes Against Children Division)

In 1997, DHS and the Arkansas State Police entered into a contractual agreement that formed the Family Protection Unit now known as the Crimes Against Children Division (CACD). The CACD is composed of two sections: 1) the Child Abuse Hotline, and 2) civilian employees who assess child maltreatment reports. The CACD maintains an around-the-clock statewide intake process (The Child Abuse Hotline) for accepting reports of alleged child maltreatment. The CACD's civilian employees are responsible for assessing Priority I allegations of severe maltreatment, involving severe physical and sexual abuse. They also conduct investigations of maltreatment in DCFS foster homes and pre-adoptive homes. CACD completed 5,789 (16%) investigations in SFY 2012.

DCFS County Staff

DCFS staff housed in DHS county offices assesses allegations of child maltreatment in which the perpetrator is in the home and not the specific responsibility of CACD. DCFS staff, in the county office, has primary responsibility for assessing an allegation of child maltreatment and seeks to ascertain the existence, cause, nature and extent of child maltreatment, the existence of previous injuries, and the names and conditions of other children in the home. DCFS remains primarily responsible for ensuring the health and safety of the children, even if the primary responsibility for the investigation belongs to the CACD. DCFS has the responsibility for the assessment of Priority II reports.

In addition, DCFS investigates Priority I reports of abandonment, failure to protect, medical neglect of disabled infants, failure to thrive, malnutrition, and substantial possibility of severe maltreatment.

The Child Maltreatment Assessment Protocol (PUB-357) is used for screening and prioritizing all allegations of child maltreatment. This protocol is used when a DCFS Family Service Worker (FSW) or the CACD conducts a Child Maltreatment Assessment. It identifies and defines the various types of child maltreatment a FSW/CACD worker may encounter during an assessment. The protocol also identifies when and from whom an allegation of child maltreatment may be taken. Finally, it identifies those conditions, which must be met before an allegation of abuse or neglect can be founded (determined to be true).

Protective Services

When an investigation is determined to be true, DCFS opens a protective service case and works with the child(ren) and family in the home or, if the abuse is severe, DCFS places the child in a safe and home-like setting. In SFY 2012, DCFS served 27,671 children in 11,825 families in this capacity. The purpose of the services is to provide the child with a continuous, safe and stable living environment, promote family autonomy, strengthen family life where possible, and promote the reunification of the child with the parent, guardian or custodian, when applicable.

THE DIVISION OF CHILDREN AND FAMILY SERVICES
INTRODUCTION
SFY 2012**

Preventive and Support Services

The Family Resource Centers (FRC) are community-based and family focused and offer services directed toward prevention, intervention, and alleviation of community identified problems. Each facility provides educational and support services to assist parents and is open to all families in its targeted community. The centers are designed to work with the Division of Children and Family Services county offices to address the needs of DCFS clients.

The school based Human Services Worker program was not funded in SFY 2012.

When there is no abuse or neglect present, but a family requests services, DCFS opens a Supportive Services case. In SFY 2012, DCFS served 1,611 children in 673 families.

Central Registry

This unit serves as the repository of all child maltreatment reports. The Child Maltreatment Reporting Act requires that a statewide central registry be established within the Department of Human Services (DHS) for the collection of information relative to the child maltreatment reports. The registry contains identifying data, dates and circumstances of any persons requesting or receiving information from the registry. There were 90,599 registry checks made in SFY 2012.

Foster Care Services

There are a limited number of situations when children cannot safely remain at home and must be separated from their family. When a child must be separated from the family, DCFS will provide a healthy and safe environment and will make appropriate and timely efforts to provide services to reunite the family. In SFY 2012, DCFS placed 7,739 in substitute care settings: Kinship Care, Foster Care, Therapeutic Foster Care, Residential Care, Shelters, etc.

Adoption Services

All children deserve a permanent home. One option is to terminate parental rights to free a child for adoptive placement when it has been determined to be in the best interest of the child. In SFY 2012, there were 513 children placed in adoptive homes.

Foster Homes

When a child has been removed and needs a foster home placement, DCFS places the child in an approved foster home. The approval process ensures that a potential foster parent attends training and meets health, safety, and physical requirements and satisfies other standards outlined in the [Standards for Approval of Foster Family Homes](#). In SFY 2012, there were 500 new foster homes approved, resulting in a total of 1,150 foster homes in Arkansas.

The Children's Reporting System used the following methodology to identify a foster child:

- Open Case at any time during the SFY 2012 period
- Open Removal at any time during the SFY 2012 period
- Open Removal later than adoption legalized date (this captures a child, when he/she goes back into Foster Care after the adoption has been dissolved).

Children's Reporting and Information System (CHRIS)

CHRIS was implemented in December 1997 as DCFS's worker-based information system and source of data for state, federal and management reports. Data described in this report was pulled from the CHRIS system.

CHILD MALTREATMENT ASSESSMENT SERVICES
SFY 2012**

The Division of Children and Family Services maintains, via an interagency agreement with the Arkansas State Police, an around-the-clock statewide intake process for accepting reports of alleged child maltreatment. During state fiscal year 2012, a total of 35,743 maltreatment reports were received, assessed and completed. Of these abuse and neglect reports, 27,317 were unsubstantiated.

MALTREATMENT DEFINITIONS

SFY 2012

ABUSE

Any of the following acts or omissions by a parent, guardian, custodian, foster parent, person eighteen (18) years of age or older living in the home with a child whether related or unrelated to the child, or any person who is entrusted with the juvenile's care by a parent, guardian, custodian, or foster parent, including, but not limited to, an agent or employee of a public or private residential home, child care facility, public or private school, or any person legally responsible for the juvenile's welfare, but excluding the spouse of a minor:

- Extreme or repeated cruelty to a juvenile;
- Engaging in conduct creating a realistic and serious threat of death, permanent or temporary disfigurement, or impairment of any bodily organ;
- Injury to a juvenile's intellectual, emotional or psychological development as evidenced by observable and substantial impairment of the juvenile's ability to function within the juvenile's normal range of performance and behavior;
- Any history that is at variance with the history given;
- Any non-accidental physical injury;
- Any of the following intentional or knowing acts, with physical injury and without justifiable cause:
 1. Throwing, kicking, burning, biting or cutting a child;
 2. Striking a child with a closed fist;
 3. Shaking a child;
 4. Striking a child age seven or older on the face or head.
- Any of the following intentional or knowing acts, with or without injury:
 1. Striking a child age six or younger on the face or head;
 2. Shaking a child age three or younger;
 3. Interfering with a child's breathing;
 4. Pinching or striking a child in the genital area.

NOTE: The prior list of unreasonable actions is considered illustrative and not exclusive.

- No unreasonable action shall be construed to permit a finding of abuse without having established the elements of abuse.
- Abuse shall not include physical discipline of a child when it is reasonable and moderate and is inflicted by a parent or guardian for purposes of restraining or correcting the child.
- Abuse shall not include when a child suffers transient pain or minor temporary marks as the result of a reasonable restraint if:
 1. The person exercising the restraint is an employee of an agency licensed or exempted from licensure under the Child Welfare Agency Licensing Act;
 2. The agency has policy and procedures regarding restraints;
 3. No other alternative exists to control the child except for a restraint;
 4. The child is in danger of hurting himself or others;
 5. The person exercising the restraint has been trained in properly restraining children, de-escalation, and conflict resolution techniques; and
 6. The restraint is for a reasonable period of time.
- Reasonable and moderate physical discipline inflicted by a parent or guardian shall not include any act that is likely to cause and which does cause injury more serious than transient pain or minor temporary marks.
- The age, size and condition of the child and the location of the injury and the frequency of recurrence of injuries shall be considered when determining whether the physical discipline is reasonable or moderate.

SEXUAL ABUSE

- By a person ten (10) years of age or older to a person younger than eighteen (18) years of age:
 1. Actual or attempted sexual intercourse, deviate sexual activity, or sexual contact by forcible compulsion;
 2. Indecent exposure, or forcing, the watching of pornography or live sexual activity.
- By a person eighteen (18) years of age or older to a person not his or her spouse who is younger than sixteen (16) years of age:
 1. Actual or attempted sexual intercourse, deviate sexual activity, or sexual contact or solicitation.
- By a sibling or caretaker to a person younger than eighteen (18) years of age:
 1. Actual or attempted sexual intercourse, deviate sexual activity, or sexual contact or solicitation.
- By a caretaker to a person younger than eighteen (18) years of age:
 1. Forcing or encouraging the watching of pornography;
 2. Forcing, permitting, or encouraging the watching of live sexual activity.
- By a person younger than ten (10) years of age to a person younger than eighteen (18) years of age:
 1. Actual or attempted sexual intercourse, deviate sexual activity, or sexual contact by forcible compulsion.

NEGLECT

Acts or omissions of a parent, guardian, custodian, foster parent, or any person who is entrusted with the juvenile's care by a parent, custodian, guardian, or foster parent, including, but not limited to, an agent or employee of a public or private residential home, child care facility, public or private school, or any person legally responsible under state law for the juvenile's welfare, but excluding the spouse of a minor and the parents of a married minor, which constitute:

- Failure or refusal to prevent the abuse of the juvenile when the person knows or has reasonable cause to know the juvenile is or has been abused;
- Failure to take reasonable action to protect the juvenile from abandonment, abuse, sexual abuse, sexual exploitation, neglect, or parental unfitness where the existence of such condition was known or should have been known;
- Failure or irremediable inability to provide for the essential and necessary physical, mental, or emotional, needs of the juvenile;
- Failure to provide for the juvenile's care and maintenance, proper or necessary support, or medical, surgical, or other necessary care;
- Failure, although able, to assume responsibility for the care and custody of the juvenile or participate in a plan to assume such responsibility;
- Failure to appropriately supervise the juvenile that results in the juvenile's being left alone at an inappropriate age or in inappropriate circumstances that put the juvenile in danger; or
- Failure or refusal to provide the necessary food, clothing, or shelter, and education required by law, or medical treatment necessary for the juvenile's well-being, except when the failure or refusal is caused primarily by the financial inability of the person legally responsible and no services for relief have been offered or rejected.

EXEMPTED FROM TRUE DUE TO RELIGIOUS EXEMPTION

Determination will be entered when the parent's decision to withhold medical treatment is based solely upon a religious belief, and the child is treated by spiritual means alone, through prayer, in accordance with a recognized religious method of healing by an accredited practitioner. Such prohibition shall not limit the administrative or judicial authority of the State to ensure that medical services are provided to the child when the child's health requires it.

PREPONDERANCE OF THE EVIDENCE

Evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which, as a whole, shows that the fact to be proved is more probable than not.

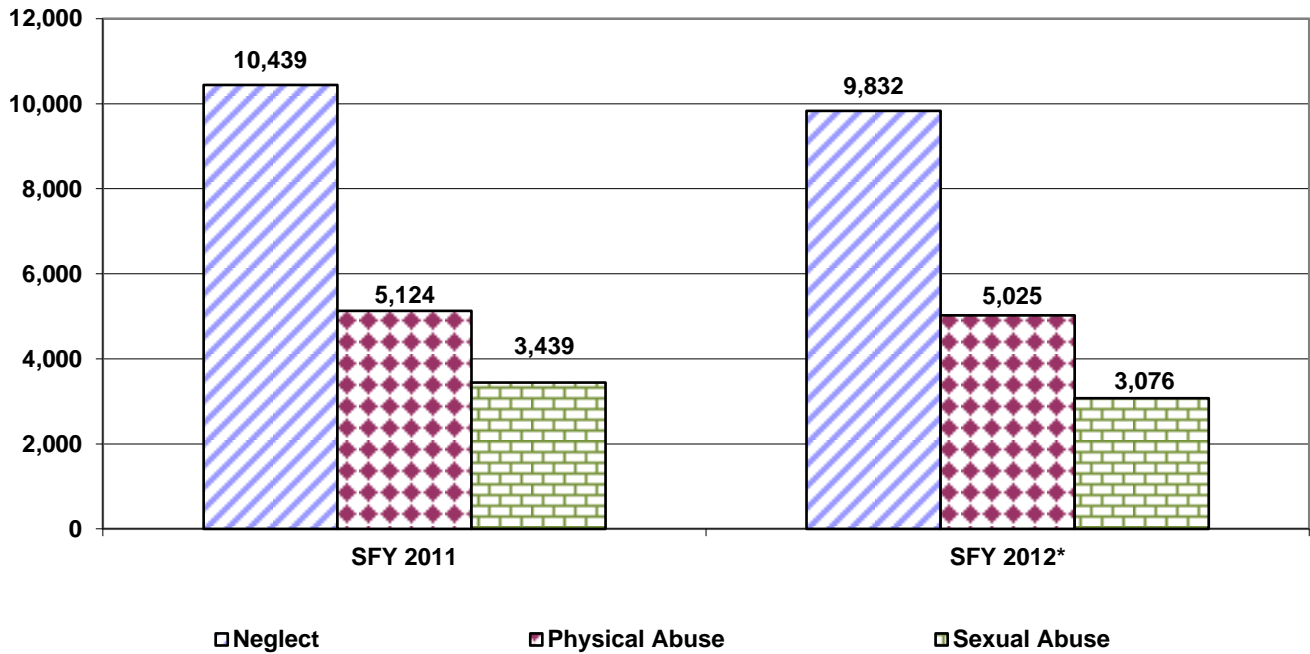

A protocol is used when a DCFS Family Service Worker (FSW) or the Arkansas State Police conducts a Child Maltreatment Assessment. It identifies and defines the various types of child maltreatment a FSW/CACD may encounter during an assessment. The protocol also identifies when and from whom an allegation of child maltreatment may be taken. Finally, it identifies those conditions, which must be met before an allegation of abuse or neglect can be founded (determined to be true).

When it has been determined that a child is at risk and cannot remain in the home of parents/caregivers, the Division of Children and Family Services provides substitute care services for the child. Foster care provides selective placement in a foster and therapeutic foster home or residential facility for a planned period of time for a child who has been separated from his birth or legal parents.

ADOPTION SERVICES
SFY 2012**

Services are provided to birth parents, children, and adoptive families to establish and maintain permanent homes for children. This unit is also responsible for the adoption subsidy program, the Arkansas Mutual Consent Voluntary Adoption Registry, and the Interstate Compact on Adoptions and Medical Assistance (ICAMA) program.

Characteristics of Children Placed in Adoptive Homes

There were 513 children placed in adoptive homes during SFY 2012, up from 430 in SFY 2011. The following tables show the breakdowns of these children by age, gender and race.

Special Needs

There were 297 children with special needs who were placed in pre-adoptive homes during SFY 2012.¹ Children with special needs are defined as children who have severe medical or psychological needs that require ongoing treatment. Other children may be considered special needs if they are a Caucasian child over the age of nine, an African American child who is two years old or older, or a child who is a member of a sibling group of three or more that is being placed together with his or her sibling.

Special Needs Condition	Number of Children*
Race/Ethnicity	297

*A child may have more than one condition.

¹ This number does not take into account children with severe medical and psychological needs because this data is not available in CHRIS (AR Children's Reporting and Information System). As enhancements are made to the data system to capture this information, the data will be provided in future reports.

Subsidized Adoptions

There were 593 new subsidized adoptions approved in SFY 2012, with 463 federally funded and 130 state funded.

Disruptions

A disruption of an adoptive placement occurs when a family who had accepted a child for adoption decides not to proceed with finalization and the child is removed from the home. Ten disruptions occurred in SFY 2012, down from 19 disruptions in the previous fiscal year.

SPECIALIZED PLACEMENT SERVICES
SFY 2012**

The Specialized Placement Unit provides technical and financial assistance to local county offices requiring help in locating and/or funding out-of-home placements for children with emotional and/or behavioral problems. The Division of Children and Family Services provides these placements through contracts with private providers or Medicaid providers. Services purchased are as follows: therapeutic foster care, residential treatment, comprehensive residential treatment, emergency shelter, case management and specialized foster care placements for developmentally delayed children and sexual offender treatment programs.

The following services were provided through contracts during SFY 2012:

Type of Contract Service	Number of Programs
Therapeutic Foster Care	14
Comprehensive Residential Treatment (Inpatient Psychiatric Treatment/Hospital)	10
Emergency Shelter	15
Specialized Foster Care Services for Developmentally Delayed Children	3
Residential Treatment	15
Sexual Offenders Treatment Programs	8

INTENSIVE FAMILY SERVICES

**ARKANSAS DHS STATISTICAL REPORT
INTENSIVE FAMILY SERVICES
SFY 2012**

The Division of Children and Family Services seeks to ensure the health and safety of children and to preserve families through the provision of Intensive Family Services (IFS). The goals are to prevent unnecessary out-of-home placements of children and to promote reunification of families with children in placement. IFS is a combination of counseling and support services aimed at ensuring the health and safety of all family members while helping the family learn how to stay together successfully. Services are immediate, time-limited, and home-based. The IFS practitioner concentrates on the most serious issues affecting the family and provides tailored services to meet the unique needs of the family. **IFS was provided through contractors. There were 324 families with 773 children who received these services in SFY 2012.**

Programs:

- Medicaid – The Division of County Operations enrolls eligible individuals in the Medicaid Program to assist with payment of medical services, prescription drugs, long-term care and other related services. Approximately 825,803 Arkansas children and adults were eligible for medical care through the Medicaid program during State Fiscal Year 2012. Clients counted as receiving this service may have also received additional services shown on this page.
- Transitional Employment Assistance (TEA) – This program provides time-limited cash assistance each month to low-income families with dependent children. Approximately 31,504 people were provided this service during State Fiscal Year 2012. Clients counted as receiving this service may have also received additional services shown on this page.
- Work Pays - The Work Pays Program is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. This work incentive program is limited to 3,000 families per month. In State Fiscal Year 2012, there were 7,176 individuals that participated in this program. Clients counted as receiving this service may have also received additional services shown on this page.
- Supplemental Nutrition Assistance Program SNAP (Formerly known as the Food Stamp Program) – This program provides a nutrition safety net for low-income children, families and adults. Over \$734.6 million in benefits were provided to 693,564 people during State Fiscal Year 2012. Clients counted as receiving this service may have also received additional services shown on this page.

Programs: (continued)

- Commodity Distribution/Emergency Food – This program provides more than 22.6 million pounds of USDA-donated food to needy and unemployed people through school lunch programs, charitable and correctional institutions, child feeding programs, disaster organizations, soup kitchens and food banks.
- Refugee Resettlement – This program provides temporary cash and medical assistance to eligible refugees and entrants to help them become self-sufficient.
- Community Services Block Grant (CSBG) Program – This program provides more than \$8.7 million in annual funding to the 16 Community Action Agencies in the state to support services and activities that assist low-income families to become self-sufficient.
- Home Energy Assistance Program – This program provides financial assistance to approximately 142,357 households each year to help them meet home energy costs. Case management activities designed to encourage and enable households to reduce their energy costs and thereby, their need for financial assistance, are also provided.
- Weatherization Assistance Program – This program provides Weatherization services and case management activities designed to encourage and enable households to reduce their energy costs, and thereby their need for financial assistance. There were 2,612 homes were weatherized in SFY 2012 of which 1,753 were funded through the ARRA* program.
- Shelter Plus Care Program – This program provides grants to community shelters that provide housing and supportive shelters for homeless persons with disabilities (primarily serious mental illness, chronic problems with alcohol and/or drugs, acquired immune deficiency syndrome (AIDS), or related diseases). There were 321 people provided with rental assistance in SFY 2012 through this program.
- Emergency Shelter Program – This program provides \$1,679,238 in grant funds to 76 local community homeless shelters.

WORK PAYS

Arkansas Act 1705 established the Work Pays Program. Work Pays is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. The twenty-four months will count toward the federal 60 month time limit but not the state's TEA 24 month limit. This work incentive program is limited to 3,000 families. This program was implemented in July 2006.

SHELTER PLUS CARE PROGRAM
SFY 2012**

The Department of Human Services is the grantee for four (4) Shelter Plus Care grants that are managed through the Division of County Operations, Office of Community Services. The grants are for one or five-year periods and each grant has a different grant cycle.

The program funded under DHS is Tenant-Based Rental Assistance (TRA). Under the TRA, an applicant may request funds to provide rental assistance on behalf of program participants who choose their own housing units. The Department has one project sponsor: Little Rock Community Mental Health Center, Inc.

TENANT-BASED RENTAL ASSISTANCE*

Three hundred twenty-one (321) people were provided rental assistance.

HOMELESS PREVENTION and RAPID REHOUSING PROGRAM*
SFY 2012**

The Homelessness prevention and Rapid Re-Housing Program (HPRP) provides homelessness prevention assistance to households that would otherwise become homeless, and provides rapid re-housing assistance to persons who are homeless. Funding is provided by the America Recovery and Reinvestment Act of 2009.

Financial assistance includes a wide array of activities such as payment for back rent, security deposits, short and medium term rental assistance, current and prior utility assistance and moving costs. The funds can also be used to provide services that help families connect with housing, including landlord outreach, landlord-tenant mediation, and housing based case management.

The grant is administered through 13 lead agencies selected by the Continuum of Care organizations throughout the state. The Arkansas Department of Human Services is the Grantee for this program.

INTRODUCTION
SFY 2012

Background, Services and Mission

In 1955, the Arkansas General Assembly created the Arkansas Children's Colony with the passage of Act 6. This act has been revised and extended by numerous statutes, the latest being Act 1165 of 1975. Act 265 of 1969 created the Arkansas Department of Mental Retardation*. It also expanded the authority of the Children's Colony Board to include certain responsibilities for the individuals who, because of other disabilities, show characteristics of intellectual disabilities.

In 1971, the Governor designated Intellectual Disabilities/Developmental Disabilities Services to administer the provisions of the Developmental Disabilities Services (DDS) and the Facilities Construction Act, or Public Law 91-517, (as amended). This legislation expanded the responsibility of the agency to serve individuals with cerebral palsy, epilepsy, and autism.

In 1971, Act 38 transferred the Arkansas Department of Intellectual Disabilities and its functions, powers, and duties to the Department of Social and Rehabilitative Services, which is now the Department of Human Services (DHS).

In 1981, Act 513 was passed and changed the name and official title of the agency and Board to the Division and the Board of Developmental Disabilities Services. Under this Act, the Arkansas Children's Colonies became the Human Development Centers (HDCs). There are five HDCs across the state; the first opened in 1959 at Conway, and the last opened in 1978 in Warren. The HDCs are located in Conway, Arkadelphia, Jonesboro, Booneville, and Warren. A center in Alexander closed on June 6, 2011. These programs provide services to 959 individuals (as of 06/30/12) with developmental disabilities who are in need of 24-hour residential, medical, and habilitative services.

Act 348 of 1985 authorized the reorganization of the Department of Human Services (DHS), and under this change DDS became one of 13 divisions/offices comprising an integrated services system. This Act designated control and administration of the HDCs under the management and direction of the DDS Board with daily operation authority extended to the DDS Director, in coordination with the Director of DHS.

DDS also provides an extensive range of services to individuals in community settings. These services are provided through private not-for-profit programs and other providers whose service areas include all 75 counties of the state. DDS oversees Licensed Center-Based Providers, Home and Community Based (Medicaid Waiver) Providers, and Part C IDEA Early Intervention Providers. Additionally, DDS offers wrap-around services, individual/family supports and special needs funding.

To accomplish its mission, DDS, the DDS Board, and its providers are committed to the principle and practices of normalization; least restrictive alternatives; affirmation of individuals' constitutional rights; provision of quality services; the interdisciplinary service delivery model; and the positive management of challenging behaviors.

The term "Intellectual Disabilities" has replaced the term "Mental Retardation"

GOALS AND SERVICES

SFY 2012

DDS, the DDS Board, and its providers are dedicated to the pursuit of the following goals:

Advocating for adequate funding, staffing, and services to address the needs of persons with developmental disabilities.

Encouraging an interdisciplinary service system to be utilized in the delivery of appropriate individualized and quality services.

Protecting the constitutional rights of individuals with disabilities and their rights to personal dignity, respect and freedom from harm.

Assuring that individuals with developmental disabilities who receive services from DDS are provided uninterrupted essential services until such time a person no longer needs to depend on these services.

Encouraging family, parent/guardian, individual, and public/community involvement in program development, delivery, and evaluation.

Engaging in statewide planning that ensures optimal and innovative growth of the Arkansas service system to meet the needs of persons with developmental disabilities and to assist such persons to achieve independence, productivity, and integration into the community.

Below are brief descriptions of our service areas:

Children's Services

This is the entry point for children ages birth to 21 and their families seeking services from DDS. Care coordinators are located in county offices across the state. They conduct intake interviews, perform eligibility determinations, and make referrals for services based on individual needs. They also complete intake and referral for children/families seeking Home and Community Based Waiver services. Staff certify and monitor Early Intervention providers.

Early Intervention/First Connections and Early Childhood Services:

The Children's Services Section provides developmental disability services to children birth to five years of age. By networking with local community providers, DDS ensures that services comply with Parts B and C of the Individuals with Disabilities Education Act (IDEA).

Title V Children with Special Health Care Needs:

Title V provides specialized medical care and rehabilitation for children who are chronically ill or have physical disabilities whose families are partially or wholly unable to provide for such services and who meet the program's criteria. Title V staff determine financial and medical eligibility. A child who is chronically ill or who has physical disabilities is defined as a child under 18 years of age (under age 21 if funding allows) who has a disabling physical impairment (either congenital or acquired) or who has other conditions known to produce such physical impairments. Services are provided in a community setting by nurses, social workers, care coordinators, and support staff.

Title V provides medical and surgical treatment, therapies, appliances, medications, and care coordination. All medical specialty services for children must be prior approved by Title V service teams.

Any person or organization may refer a child to Title V for diagnosis and recommendations for treatment. Steps are then taken to secure an application for assistance through the DHS county office, designated hospitals or DDS Children's Services community based staff. A case record is then opened and a plan of care for treatment is made and coordinated by the Title V staff.

GOALS AND SERVICES

SFY 2012

Home and Community Based (Waiver) Services

This section administers the Alternative Community Services (ACS) program under the 1915(c) Medicaid Waiver, analyzes and develops policy, researches and develops remediations, and oversees a Waiver quality management system as required by the Centers for Medicare and Medicaid Services. Administration of this program includes approval of a Person-Centered Plan, oversight, case review, and prior service authorization. People of any age may make application for services under this program. Service specialists who assist individuals, families, and providers are located in various county offices across the state.

Quality Assurance

This section is the regulatory body for the licensure and certification of Providers - licensure of Center-based Services and certification of Waiver Providers. The Quality Assurance section also performs oversight activities for quality assurance.

Staff conduct monitoring activities for Developmental Day Treatment Clinic Services (DDTCS) and ACS Waiver. The unit also conducts interviews with a sample of individuals served by the ACS Waiver and Intermediate Care Facilities for Persons with Intellectual and Developmental Disabilities, using the National Core Indicators (NCI) survey tool, to determine satisfaction with services. The DDS Adult Intake and Referral unit in QA is responsible for intake and referral for all adults seeking DDS services and assists individuals and families with respite and other service needs. The QA Medicaid Income Eligibility Unit reviews thousands of files for financial eligibility each year. Additional quality assurance activities include psychological services, Foster Grandparent program, Ombudsman program, investigation of service concerns, incident reporting, and technical assistance for provider organizations.

Fiscal Management

This section administers contracts, personnel, finance, and various aspects of provider and staff development.

Compliance

This section addresses compliance with state and federal regulations for the division.

Residential Services

Five state-operated residential facilities, known as Human Development Centers, are located across the state.

DIVISION OF

MEDICAL SERVICES

ARKANSAS DHS STATISTICAL REPORT
DIVISION OF MEDICAL SERVICES
INTRODUCTION
SFY 2012

The Division of Medical Services houses two major programs under one administration:

• **Medicaid**

Medicaid is a joint federal-state program that provides medical assistance for eligible individuals based on financial need and/or health status. Medicaid furnishes medical assistance to those who have insufficient incomes and resources to meet the costs of necessary medical services. It also provides rehabilitative and other services to help families and individuals become or remain independent and able to care for themselves.

The Department of Human Services (DHS) is the single state agency authorized and responsible for regulating and administering the program. DHS administers the Medicaid Program through the Division of Medical Services (DMS). The Centers for Medicare and Medicaid Services (CMS) administers the Medicaid Program for the U.S. Department of Health and Human Services. CMS authorizes federal funding levels and approves each state's State Plan, ensuring compliance with federal regulations. Individuals are certified as eligible for Medicaid services by DHS Field Staff located in DHS County Offices or by District Social Security Offices.

A list of covered services can be found on page DMS-13 of this publication. Mandatory services are required by the federal government. Optional services are those which the state has elected to provide. Many of these optional services enable recipients to receive care in less costly home or community-based settings. Optional services are approved in advance by CMS and are funded at the same level as mandatory services.

• **Long-Term Care**

Each year, more than 25,000 Arkansans who have chronic, long-term medical needs require services in long-term care facilities. These individuals live in the approximately 229 nursing facilities and 40 intermediate care facilities for the Individuals with Intellectual Disabilities that are licensed to provide long-term care services in Arkansas.

Improving the quality of life for residents and protecting their health and safety through enforcing state and federal standards are primary goals of Arkansas Medicaid's Office of Long Term Care (OLTC). Using qualified health care professionals, OLTC inspects all facilities to ensure residents receive the care they need in a clean, safe environment and that they are treated with dignity and respect.

The Office of Long Term Care (OLTC) also surveys Adult Day Care, Adult Day Health Care, Post Acute Head Injury Facility, Residential Care Facilities, and Assisted Living Facilities. In addition to surveying facilities, OLTC administers the Nursing Home Administrator Licensure program, Criminal Background program, Certified Nursing Assistant registry and training program, processes Medical Needs Determinations for Nursing Home and Waivers and operates a Complaints Unit.

These programs are designed to serve Arkansans throughout the state. The following pages highlight the State Fiscal Year 2012 performance of these programs through financial, utilization data, and narrative.

MAJOR BENEFIT LIMITATIONS ON SERVICES:

The Arkansas Medicaid Program does have limitations on the services that are provided. The major benefit limitations on services for adults (age 21 and older) are as follows:

- Twelve visits to hospital outpatient departments allowed per state fiscal year.
- A total of twelve office visits allowed per state fiscal year for any combination of the following: certified nurse midwife, nurse practitioner, physician, medical services provided by a dentist, medical services furnished by an optometrist, and Rural Health Clinics.
- One basic family planning visit and three (3) periodic family planning visits per state fiscal year. Family planning visits are not counted toward other service limitations.
- Three pharmaceutical prescriptions are allowed per month; family planning and tobacco cessation prescriptions are not counted against benefit limit; there are unlimited prescriptions for nursing facility beneficiaries and EPSDT (Early Periodic Screening, Diagnosis, and Treatment) beneficiaries (Under age 21) and beneficiaries with MEDICARE Part D will receive their drugs through that program rather than Medicaid. Extensions will be considered for up to three additional prescriptions for a maximum of six (6) prescriptions per month for beneficiaries. Beneficiaries receiving services through the Assisted Living waiver may receive up to nine (9) medically necessary prescriptions per month.
- Inpatient hospital days are limited to 24 per state fiscal year, except for EPSDT beneficiaries and some organ transplant patients.
- Co-insurance: Some beneficiaries must pay 10% of the first Medicaid covered day of hospital stay. Certain beneficiaries who have gross income at or above 100% of the Federal Poverty Level, in the Working Disabled aid category, without regard to age, must pay a co-insurance of 25% of the first Medicaid covered day of hospital stay and must also pay co-insurance for some additional services.
- Co-Pay: Some beneficiaries must pay \$0.50 to \$3 of every prescription, and \$2 on the dispensing fee for prescription services for eyeglasses. Certain beneficiaries who have gross income at or above 100% of the Federal Poverty Level, in the Working Disabled aid category, without regard to age, must pay a higher co-payment for these services and also must pay co-payments for some additional services.

Note - Any and all exceptions to benefit limits are based on medical necessity.

Additional Information for ARKids-B and TEFRA:

- Co-Insurance: ARKids B beneficiaries must pay 10% of the charges for the first Medicaid covered day of inpatient hospital services and must also pay co-insurance for some outpatient and DME services.
- Co-Pay: ARKids B beneficiaries must pay a co-payment for most services; for example \$10.00 for most office visits and \$5.00 for most prescription drugs (and must use generic drugs and rebate manufacturer, if available). ARKids B beneficiary annual cost-sharing is capped at 5% of the family's gross annual income.
- Premiums: Based on family income certain TEFRA beneficiaries must pay a premium. TEFRA families whose income is at or below 150% of Federal Poverty Level cannot be assessed a premium.

Program Quality and Contract Monitoring Unit

The Program Quality and Contract Monitoring Unit develops and maintains the Medicaid State Plan and the State's Child Health Insurance Program Plan, leads in the development and research of new programs, oversees contractor technical writing of provider policy manuals for each one of the different Medicaid programs, coordinates the approval process through both State and Federal requirements, and coordinates efforts in finalizing covered program services, benefit extension procedures and claims processing. This unit also leads development of new waiver and demonstration programs and the resulting provider manuals. Because DMS has administrative and financial authority for all Medicaid waivers and demonstrations, the unit is responsible for monitoring operation of all Medicaid waivers and demonstration programs operated by other Divisions. The unit assures compliance with CMS requirements for operating waivers and demonstrations and monitors for key quality requirements. The unit is responsible for the monitoring of contractors performance for the Division of Medical Services.

Quality Assurance Activities include:

- Leading development of new waivers and demonstrations.
- Communicating and coordinating with CMS regarding waiver and demonstration activities and requirements, including the required renewal process.
- Providing technical assistance to operating agencies regarding waiver and demonstration requirements and compliance.
- Performing case reviews, data analysis, and oversight activities to help identify problems and assure remediation for compliance with CMS requirements.
- Developing QA strategies and interagency agreements for the operation and administration of waivers and demonstrations.

Medicaid Information Management

The Medicaid Information Management (MIM) section of DMS is responsible for operations and support of the Medicaid Management Information Systems (MMIS) which processes all Medicaid claims, and provides Medicaid data for program management and various research and care planning activities. The MIM section is currently leading an effort to replace our aging MMIS system with a new, more capable system to support the modern Medicaid environment. MIM is currently made up of three work units: MMIS Systems and Support; Medicaid Data Security; and Medicaid Project Management.

Systems and Support Unit

The Systems and Support Unit administers the contract for the fiscal agent that operates the Medicaid Management Information System (MMIS), which processes all Medicaid claims. The unit's duties include:

- Developing Advance Planning Documents (APDs) related to MMIS.
- Maintaining system documentation from the contractor.
- Developing, tracking and documenting customer service requests for modifications to MMIS.
- Approving production system modifications to MMIS and monitoring the fiscal agent contractor's performance.
- Performing quality assurance reviews on all edits and audits affecting claims processed by MMIS.
- Managing DMS SharePoint sites and portals.
- Coordinating computer technical support for the DMS division.

Medicaid Data Security Unit

The Medicaid Data Security Unit works with DHS HIPAA officers on providing Health Insurance Portability and Accountability ACT (HIPAA) enforcement and monitoring of the privacy and security of patient's information along with guiding contractors in adhering to DHS Information Technology security policies and procedures. The Security unit also monitors and performs technical audits on contractors and researchers who use Medicaid data. A Data Security Committee evaluates requests utilizing Medicaid data for research projects and publication requests to ensure HIPAA compliance.

Medicaid Project Management Unit

The Medicaid Project Management unit is responsible for managing the project to procure the new MMIS system. Current activities as of this writing include:

- Managing, approving and fulfilling all requests for Medicaid data from the DSS Data Warehouse.
- Coordinating the issuance, receipt and evaluation of all new MMIS related RFPs.
- Managing the MMIS procurement and implementation project plan.
- Coordinating the award and start of all new MMIS contracts resulting from the RFPs.
- Coordinating the integration of the new MMIS system modules and certification of their operation.

Programs and Provider Management

The Programs and Provider Management Section contracts with Hewlett-Packard Company (HP) to enroll providers in Medicaid and the ARKids First Program. At the end of the State Fiscal Year 2012 (SFY 2012), there were more than 32,027 enrolled providers in the above programs. More than 10,417 of these providers were physicians and physician groups. The Programs and Provider Management Section also responds to the concerns and questions of providers and beneficiaries of Medicaid and ARKids services . In SFY 2012, 100,454 telephone inquiries were handled in all Assistance Sections including the Early Periodic Screening, Diagnosis and Treatment (EPSDT) program with over 2,798 of those inquiries being addressed by the communications personnel. The ARKids First Program for Arkansas children has become a model for similar programs in other states. Other areas administered by the Programs and Provider Management Section are the Dental, Visual, Non-Emergency Transportation (NET), ARKids B, Medicaid Managed Care Services, Connect Care and the Primary Care Case Management programs.

Third-Party Liability

Medicaid is the payer of last resort. As the payer of last resort, federal and state statutes require Medicaid agencies to pursue third party resources to reduce Medicaid payments. As a condition of eligibility, Medicaid beneficiaries are required to assign their right to recovery from third parties to the Arkansas Medicaid Program. Medical providers are also required to file claims with potentially liable third parties prior to billing Medicaid for services provided to beneficiaries.

One aspect of Medicaid cost containment is the Third Party Liability Unit of Administrative Support. This unit pursues third party resources (other than Medicaid) responsible for health care payments to Medicaid recipients. These sources include health and liability insurance, court settlements, and absent parents. The savings for SFY 2012 were as follows:

Other Collections (Health & Casualty Insurance)	\$27,881,725.50
Cost Avoidance (Health Insurance)	<u>30,170,614.53</u>
Total Savings	\$58,052,340.03

Utilization Review

The purpose of the utilization review program is to safeguard against unnecessary and inappropriate medical care rendered to Medicaid recipients, Medical services and /or records are reviewed for medical necessity, quality of care, appropriateness of place of service and length of stay (inpatient hospital).

Arkansas Medicaid subjects some services to a review process either internally or through a contract with a Quality Improvement Organization (QIO). The Utilization Review (UR) Section of the Arkansas Medicaid Program or the contracted QIO performs professional, medical necessity reviews based on accepted standards of care.

Utilization Review provides professional reviews or monitors contractors' performance for the following programs:

1. Pre and Post-Payment Reviews of Medical Services.
2. Prior Authorization for Private Duty Nursing, Hearing Aids, Hearing Aid Repair and Wheelchairs.
3. Extension of benefits for Home Health and Personal and Personal Care for beneficiaries over the age of 21 and extension of benefits of incontinence products and medical supplies for eligible beneficiaries.
4. Contractors performing prior authorizations and extension of benefits for the following programs: In-patient and Out-patient Hospitalization, Emergency Room Utilization, Personal Care for Beneficiaries Under the Age of 21, Child Health Management Services, Therapy, Transplants, Durable Medical Equipment and Hyperalimentation Services.
5. Out-of-State Transportation for Beneficiaries for Medically Necessary Services/Treatment Not Available In-State.

ARKANSAS DHS STATISTICAL REPORT PRESCRIPTION DRUG PROGRAM SFY 2012

The Prescription Drug Program, which is an optional Medicaid benefit, was implemented in Arkansas in 1973. Under this program, eligible beneficiaries may obtain prescription medication through any of the 862 enrolled pharmacies in the state. During SFY 2012, a total of 451,295 Medicaid beneficiaries used their prescription drug benefits. A total of 4.8 million prescriptions were reimbursed by Arkansas Medicaid for cost of \$309.8 million dollars thus making the average cost per prescription approximately \$64.54. An average cost for a brand name prescription was \$235 dollars, representing 19% of the claims and accounting for 67% of expenditures. The average cost for a generic prescription was \$26 dollars, representing 81% of claims and accounting for 33% of expenditures.

The Prescription Drug Program restricts each beneficiary to a maximum of (3) three prescriptions per month, with the capability of getting up to (6) six prescriptions by prior authorization, except for beneficiaries under 21 and certified Long-Term Care beneficiaries who receive unlimited prescriptions per month. Persons eligible under the Assisted Living Waiver are allowed up to (9) nine prescriptions per month.

Beginning January 1, 2006, full benefit, dual-eligible beneficiaries began to receive drug coverage through the Medicare Prescription Drug Benefit (Part D) of the Medicare Modernization Act of 2003 rather than through Arkansas Medicaid. Arkansas Medicaid is required to pay Centers for Medicare & Medicaid (CMS) the State Contribution for Prescription Drug Benefit, sometimes referred to as the Medicare Part D Clawback. This Medicare Part D Clawback payment for SFY 2012 was \$42,394,776.

Medicaid reimbursement for prescription drugs is based on cost plus a dispensing fee. Drug costs are established and based upon a pharmacy's estimated acquisition cost (EAC), the federally established generic upper limit (GUL) or state established upper limit (SUL). Arkansas Medicaid has a dispensing fee \$5.51 as established by the Division of Medical Services and approved by the Centers for Medicare and Medicaid (CMS). The EAC and dispensing fee are based upon surveys that determine an average cost for dispensing a prescription and the average ingredient cost. In March of 2002, a differential fee of \$2.00 was established and applied to generic prescriptions for which there is not an upper limit. The following table shows the average cost per prescription drug in the Arkansas Medicaid program.

OFFICE OF LONG TERM CARE
SFY 2012**

Most people think of nursing facilities when they think of the Office of Long Term Care (OLTC). The OLTC professional surveyors conduct annual Medicare and Medicaid and State Licensure surveys of Arkansas' 229 Nursing Facilities and in the state's forty (40) ICF/ID including five (5) Human Development Centers. Annual and complaint surveys are also conducted in thirty-nine (39) Adult Day Care and Adult Day Health Care facilities and two (2) Post Acute Head Injury Facilities throughout the state. Semi-annual surveys are conducted in the sixty-seven (67) Residential Care Facilities, seventy-one (71) Assisted Living Facilities and eighteen (18) Alzheimer's Special Care Units. In addition, annual Civil Rights surveys were conducted in 110 hospitals.

In addition to its role inspecting long-term care facilities, the OLTC provides training and educational opportunities to various health care providers to help ensure that facilities provide the highest level of care possible to long term care residents. OLTC staff provided approximately 195 hours of continuing education through sixty-five (65) workshops/seminars to over 1,848 staff members in the nursing home and assisted living industry during SFY 12. In addition, there were 275 agendas submitted from outside sources for review to determine 1,531 contact hours for nursing home administrators.

The Nursing Home Administrator Licensure Unit processed renewals for 664 licensed administrators, processed seventy-one (71) license applications, and issued fifty-two (52) new licenses and 7 temporary licenses. In addition, OLTC administered the state nursing home administrator examination to sixty-eight (68) individuals.

The Criminal Record Check Program applies to all categories of licensed long-term care facilities consisting of over 511 affected facilities. During SFY 12, there were 34,575 "state" record checks processed through OLTC and 20,548 "federal" record checks processed. There was a total of 977 potential long term care employees disqualified through the CRCs.

At the end of SFY 12, the Registry for Certified Nursing Assistants (CNAs) contained 30,878 "active" and 67,941 "inactive" names listed. In addition to maintaining the Registry for CNAs, the OLTC also manages the certification renewal process for CNAs, approves and monitors nursing assistant training programs, manages the statewide competency testing services, and processes reciprocity transfers of CNAs coming into and leaving Arkansas.

The Medical Need Determination Unit processed approximately 1,332 Medicaid nursing facility applications per month while maintaining approximately 12,609 active cases which includes processing 11,243 assessments, processing 2,436 change of condition requests, 544 transfers, and 1,856 utilization review requests during the year. Also processed were 3,052 applications/reviews for ICFs/ID which includes 178 new assessments, and 38 transfers. In addition, 14,081 applications/reviews/waivers for other medical programs within DHS were made during SFY 12. Also, the OLTC conducted 29 face-to-face medical need assessments throughout the state.

The OLTC Complaint Unit staffs a registered nurse, licensed social worker and a health facility surveyor that record the initial intake of complaints against long-term care facilities. Many times they are able to resolve the issues with immediate satisfaction to the parties involved. When that is not possible, the OLTC performs an on-site complaint investigation. The OLTC received 948 nursing home complaints during SFY 12 regarding the care or conditions in long term care facilities.

LONG-TERM CARE MEDICAID PROGRAM
SERVICES AND STATISTICS
SFY 2012**

Since 1990, the federal long-term care program has had two levels of facility care under Medicaid. These levels of care are nursing facility services and intermediate care facility services for the intellectually disabled (ICF/ID). Arkansas classifies state-owned facilities as public and all others as private. Arkansas Health Center is a public nursing facility. The ICF/ID population is divided into the five (5) state-owned Human Development Centers, four (4) private pediatric facilities of which three (3) are for profit, one (1) private nonprofit pediatric facility, and 31 15 bed or less facilities serving adults.

ARKANSAS DHS STATISTICAL REPORT ANALYSIS OF PRIVATE FACILITY EXPENDITURES SFY 2012

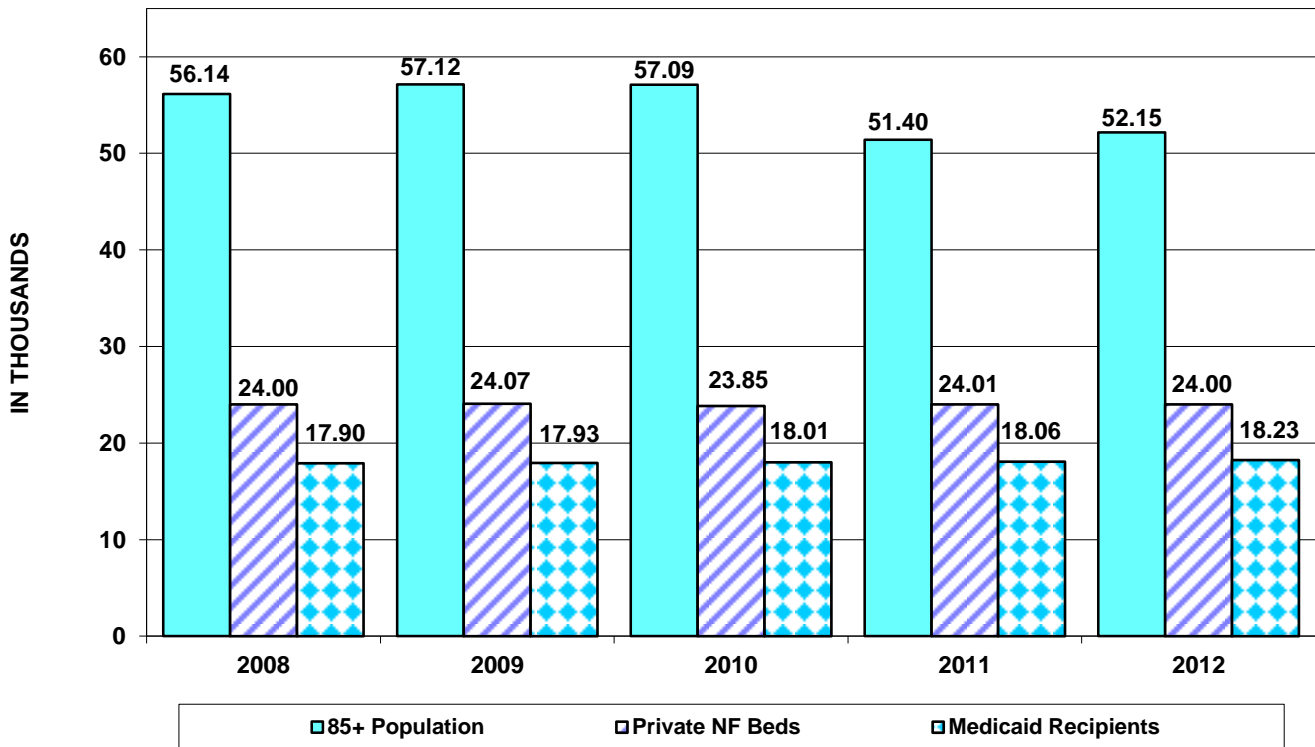

Arkansas Medicaid is a major provider of private nursing facility services accounting for approximately 67% of all occupied beds. Expenditures in SFY 2012 increased 4.29% from SFY 2011 with an increase of 17.91% over the past five (5) years.

The bulk of this increase is the result of the implementation of a cost based reimbursement methodology for nursing facilities that began January 12, 2001. The cost base methodology increased emphasis in spending in the direct care area. Increased quality of care was one of the major objectives of the new methodology.

UTILIZATION CONTROL AND NURSING FACILITY PAYMENT CLASSIFICATIONS

The number of Medicaid recipients in nursing facilities has increased by 1.84% in the past five (5) years, while the estimated over-age-85 population has decreased by approximately 7.1% during the same period. With the continued expansion of home and community based programs, those whose needs can be met in their own homes will continue to choose that option.

History & Overview

The Arkansas Office of Volunteerism was created in 1974 by order of Governor Bumpers to implement and administer a statewide immunization program. In 1977, the Office was established by Act 865 to assess and recognize the needs of communities throughout Arkansas and train volunteer coordinators and volunteer organizations in meeting those needs. In 1983, the Office of Volunteer Services transferred from the Office of the Governor to the Department of Human Services (DHS). AR Code 25-16-206 officially made the agency the Division of Volunteerism.

AR Code 25-10-128 (Act 1259 of 1997) expanded the duties of the Division of Volunteerism to include assistance to any agency or community organization with welfare reform initiatives. The division name was changed from Division of Volunteerism to the Division of Community Service and Nonprofit Support (DCSNS) effective July 1, 2011 by Act 42 of 2011. The mission of the division is to strengthen community resources, volunteerism and national service in Arkansas. DCSNS continues to assist in special projects, meet community needs and provide greater public awareness and recognition of volunteer efforts.

Governor's Advisory Council and Commissioners

The Governor's Advisory Council on Volunteerism consists of 16 members appointed to three-year terms (Act 865 of 1977). The Council's responsibilities include helping in setting goals, establishing priority activities and performing an advocacy role. The Council also assists in publicity and recognition/awards programs.

The Governor appointed Arkansas Service Commissioners, an advisory body, assists DCSNS' Arkansas Service Commission unit in efforts related to national service. The 18 Advisory Commissioners serve three year terms, with an additional eight ex-officio positions representing related organizations. The Commission's responsibilities include serving as the state's liaison and voice to national and state organizations which support the mission, development of a state service plan, and review and recommendation on state AmeriCorps grant recipients.

Vision:

The vision of DCSNS is guided by the principle that volunteerism, community and national service is a right and responsibility of all citizens and that all people will experience an improved quality of life as a result of this service. The units within DCSNS work as a team to provide a wide array of trainings and services directed at building organizational capacity in Arkansas nonprofits and recognition of volunteers to fulfill the vision.

Annual Promotions

DCSNS supports the annual events listed below by participating in and encouraging other programs and volunteers to take part in activities surrounding these occasions:

- Days of Service: MLK, 911
- National Mentoring Month
- National AmeriCorps Week
- National Volunteer Week
- Arkansas Volunteer Month

Publications

The Economic Impact of Arkansas Volunteers:

Each year DCSNS publishes the study “THE ECONOMIC IMPACT OF ARKANSAS VOLUNTEERS”. The results of the most recent study are as follows: Eight hundred forty-six (846) volunteer organizations reported a total of 25,664,014 hours for an estimated total dollar value of \$624,340,124. Had the State of Arkansas paid for the time involved to provide the services donated by volunteers, an additional \$15,221,353,009 in personal income would have been required to generate that sum in general revenues.

The Legal Guide:

“THE LEGAL GUIDE FOR ARKANSAS NONPROFIT AND VOLUNTEER ORGANIZATIONS” second edition was published in partnership with DCSNS, Bonnie Johnson, Williams & Anderson PLC and the University of Arkansas at Little Rock Bowen School of Law.

Community Initiative of Arkansas

The Community Initiative of Arkansas is one of the state AmeriCorps programs that places 1-3 AmeriCorps members at sites around the state. These members focus on education and health through mentoring, tutoring, conducting activities related to healthy living, recruiting community volunteers and carrying out regular service projects.

Training and Consultation Provided:

DCSNS offers trainings and presentations designed for non-profit organization or any organization that engages volunteers. Grant research assistance is available to non-profit organizations by request using Grant Station, a subscription service.

One specialized area of training is for a Disaster Response Volunteer Center (DRVC), a centralize clearinghouse that matches community needs with people who want to help during a disaster. The DRVC will direct the outpouring of human resources to where it's most needed as quickly as possible while freeing first responders to assist those directly affected by the disaster.

The Summit:

The thirty-seventh annual state conference on volunteerism, philanthropy and nonprofit leadership was held in Little Rock April 26th and 27th, 2012. In sponsorship with the Arkansas Community Foundation and the Arkansas Coalition for Excellence, DCSNS hosted over 175 participants. Seventeen workshops were offered during the two-day conference.

The Billie Ann Myers Paragon Award is given to an Arkansas citizen who has exhibited servant leadership in advocating changes for the better, worked to bring them about and helped others to bring about change. The recipient caused significant improvement in the quality of life for Arkansans as a result of those efforts. Former First Lady Betty Bumpers was the recipient of the 2012 award.

The Arkansas Community of the Year Awards:

The Division collaborates with the Governor's Office and the Arkansas Municipal League to present the Volunteer Community of the Year Awards to twelve communities for outstanding volunteer efforts. The 2011 recipients were Benton, Bentonville, Booneville, Clarkridge, Clarksville, Fayetteville, Fort Smith, Heber Springs, Maumelle, Mountain Home, Quitman and Van Buren. As part of this recognition, the Arkansas Highway and Transportation Department places signs at the city limits of the winning communities announcing the Volunteer Community of the Year designation.

Community Service Learning Act 648 of 1993:

In partnership with the Arkansas State Board of Education, this act provides an opportunity for students in grades nine through twelve to perform volunteer service at sites that have applied to and have been sanctioned by the Arkansas State Board of Education. Students may then earn an extra credit toward graduation upon completion of seventy-five or more volunteer hours. There are 751 approved community sites across the state where student volunteers are engaged in service. DCSNS is the main point of contact for technical assistance and training as well as record keeping for Act 648 school programs.

AR Mentors Program Network

The Arkansas Mentors Program Network connects and supports youth and adult mentoring programs state-wide through training, consultations and volunteer recognition.

Arkansas Volunteer Centers Network:

Volunteer Centers recruit, refer, and recognize volunteers in their local communities. Volunteer Centers in Arkansas are in the following locations:

- United Way of Northwest Arkansas
- United Way of Northeast Arkansas
- Heart of Arkansas United Way Volunteer Center (Pulaski)
- El Dorado Connections (Union)
- Hands On Texarkana (Miller)

Arkansas Service Commission:

The Arkansas Service Commission (ASC) is a unit within DCSNS. The ASC helps communities, nonprofits, educational organizations and others in Arkansas obtain federal funds from the Corporation for National and Community Service to administer AmeriCorps programs to address locally identified issues. Priority areas for funding are education, health/healthy futures, clean energy/environment, veterans issues, economic opportunity and disaster preparedness. The ASC is also responsible for monitoring these programs and ensuring complete and timely reports to the funding agency.

Blue Ribbon Scholars Program

The colleges and universities participating in the Blue Ribbon Scholars program to provide matching scholarships to AmeriCorps alums has grown to seven: University of Arkansas Clinton School of Public Service, Henderson State University, Southern Arkansas University at Magnolia, Pulaski Technical College, Lyon College, University of Arkansas at Monticello, Arkansas State University at Jonesboro. AmeriCorps members who have successfully completed their term of service have the opportunity to apply for these scholarships when they use their education awards at these Arkansas colleges.

Programs

Learn and Serve America supports and encourages service-learning throughout the United States, and enables over one million students to make meaningful contributions to their community while building their academic and civic skills. The Arkansas Service Commission was awarded \$206,766 in Learn and Serve grant funding for administrative purposes as well as to sub-grant to Arkansas school based service learning programs. An evaluation of the Learn and Serve programs was conducted and they were also required to submit progress reports to the Arkansas Service Commission. The following data is a compilation from those two sources.

● Participating Program Directors	10
● Number of Youth Participating in Service Learning	1,695
● Total Number of Service Hours Completed	375,502
● Average Number of Service Hours per Student Compl	221
● Participating Community Partners	90

The Arkansas Service Commission helped fourteen sub-applicants receive \$2,795,475 in federal funding for AmeriCorps program in SFY 2012. Through these funds, 363 Arkansans tutored adults and children, translated and served as advocates for non-English speaking families in schools, offered parenting education, helped uninsured and underinsured citizens get cost-free prescription drugs, served as environmental stewards and educators, retrofitted homes of low to middle income residents for energy efficiency and recruited thousands of traditional volunteers to assist in their efforts. AmeriCorps members receive a small living allowance during their term of service and an education award for any Title IV eligible school upon successful completion. The total value of education awards for the year was approximately \$1,450,548.

The sub grantees are listed on the next page.

DIVISION

OF

SERVICES FOR

THE BLIND

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF SERVICES FOR THE BLIND
INTRODUCTION
SFY 2012**

AGENCY HISTORY

During the 1940's and early 1950's, rudimentary services for blind people were provided by "home teachers" who were employed by the Arkansas Department of Welfare. In 1955, services to blind people were transferred to the Arkansas Rehabilitation Services, then in the Department of Education.

Arkansas Rehabilitation Services for the Blind was created in 1965 by Arkansas Act 180. This Act established a Division of Rehabilitation Services for the Blind within the State Board for Vocational Education. All services for the blind were transferred to said Division from the Arkansas Rehabilitation Services.

Act 38 of 1971 transferred the functions, powers, and duties of the Rehabilitation Services for the Blind to the Department of Social and Rehabilitation Services (now the Department of Human Services) and placed them in the Division of Rehabilitation Services.

Arkansas Act 393 of 1975 amended Arkansas Act 38 of 1971 to require that the functions, powers and duties of the Rehabilitation Services for the Blind be located within an Office for the Blind and Visually Impaired in the Division of Rehabilitation Services. Act 393 gave the Office for the Blind and Visually Impaired statutory authority and legal authority to promulgate rules, and established an Advisory Committee appointed by the Governor.

In 1983, a number of consumer, education, and service organizations identified a critical need for specialized services to visually impaired and blind Arkansans. In response to this concern, the Governor and Legislature established the Division of Services for the Blind (DSB) under Act 481. Although previously, Arkansas had offered separate services for blind and visually impaired persons, Act 481 provided that the agency should be governed by a policy-making board, the majority of whom must be blind persons. Within the past decade, DSB has been commended for innovative programming, consumer responsiveness, and consistently high performance in the rehabilitation of severely disabled persons.

DSB functions both as a direct service provider and as a consumer agent in locating and purchasing quality services (including medical and educational services; equipment or supplies related to self-sufficiency; job placement or employment services; etc.). All direct services are made available to consumers in their own communities.

DSB serves consumers through three interdependent units: **Field Services**, **Business and Technology Services**, and the **DSB Directors Office**. These three service units were designed by the **DSB Board** to offer two advantages to the State of Arkansas:

1. Enhance the personal self-sufficiency of consumers eliminating costs associated with unnecessary skilled care;
2. Maximize the potential contributions made by consumers as citizens and taxpayers.

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF SERVICES FOR THE BLIND
INTRODUCTION
SFY 2012**

PHILOSOPHY AND GOALS

DSB is dedicated to the independence of Arkansans who are blind or visually impaired and is committed to the principle that these individuals have the right to make informed choices regarding where they live, where they work, how they participate in the community, and how they interact with others.

Our mission is to work in partnership with these Arkansans by assisting them in obtaining the information they need to make informed choices and by providing them with access to services that increase their opportunities to live as they choose.

Within the constraints of state and federal laws and based on available funds, DSB fulfills its mission through the following goals:

1. **Employment** - To assist Arkansans who are blind or visually impaired to secure or maintain employment and consistent with their skills, abilities, and interests;
2. **Rehabilitation Teaching** - To assist Arkansans who are blind or visually impaired to live as independently as possible through the development of skills, accommodations, or adaptations that are necessary to perform all activities of daily living;
3. **Prevention of Blindness** - To assist in preventing blindness by stabilizing vision, and, where possible, restoring vision.

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF SERVICES FOR THE BLIND
SFY 2012**

During the 2012 state fiscal year, DSB provided specialized services to blind and visually impaired persons through two major program units. **Field Services** offered vocational rehabilitation and independent living services to blind and severely visually impaired persons in their homes and communities throughout Arkansas. **Business and Technology Services** provided assessment of technological and job development needs, then prescribed equipment and training plans to meet those needs in a rapidly changing job market and business environment. The DSB Director's Office supported the programs offered above through supplemental administrative services as well as operating the Arkansas Information Reading Services for the Blind Network.

DSB FIELD SERVICES

Vocational Rehabilitation- The objective of the Vocational Rehabilitation (VR) program is to ensure that qualified blind and visually impaired persons work in appropriate careers and become as personally and economically independent as possible. The program assesses consumer needs, plans appropriate services based upon informed consumer choice, and develops and provides cost-effective services for individuals who are blind or severely visually impaired. Consumers usually range in age from 14 to 64. The vocational rehabilitation services provided are consistent with the strengths, resources, priorities, concerns, abilities, capabilities and informed choice of the disabled individual.

To be eligible for DSB services, the individual must have a visual disability. The visual disability must be a substantial impediment to employment. It must be determined that the individual with the visual disability can benefit from vocational rehabilitation services in the achievement of a vocational outcome. Additionally, the individual requires vocational rehabilitation services to prepare for, engage in, or retain gainful employment. After an individual is determined eligible for vocational rehabilitation, services are provided. **In SFY 2012, DSB served 1,568 vocational rehabilitation consumers, of which 100% were severely disabled. Of this number, 310 blind or severely visually impaired individuals successfully achieved employment outcomes.**

DSB FIELD SERVICES (CONTINUED)

The Older Blind Program provides in-home instructions in the activities of daily living to Arkansans, age 55 and older, who are blind, severely visually impaired or have a rapidly progressive visual impairment. The program assists eligible individuals by teaching independent living skills necessary to remain independent in their homes and communities. DSB, the DHS Division on Aging and Adult Services, and the Department of Health work together to support the independence of older blind persons within the state. **During SFY 2012, DSB served 435 older blind persons. Of these individuals, 154 successfully completed their rehabilitation plans.**

Staff Development- This unit is responsible for monitoring agency compliance with federal requirements regarding the Comprehensive System of Personnel Development mandated under the Federal Rehabilitation Act. It assesses all staff development needs under federal standards and acquires or provides appropriate training for professional development and certification. **In SFY 2012, 149 In-Service Training Activities were designed, conducted, and coordinated** in the area of field procedures, management/leadership, computer training, career development, professional enhancement, and organizational development for all levels of positions within the Division. The Division's philosophy is that DSB staff must possess specific knowledge concerning the problems of blindness. Training opportunities are ongoing and coordinated with other state departments and federal agencies to provide the highest quality training possible within available resources.

DSB BUSINESS AND TECHNOLOGY SERVICES

Consumer Technology- Like their sighted counterparts, blind college students, insurance agents, lawyers, social workers, ministers, physicians, etc., have multiple needs for computers and other technology. Computer systems with prescriptive sensory adaptations are developed by the Consumer Technology Program to enable blind and visually impaired individuals to access the information needed for success in their chosen professions.

During SFY 2012, there were 542 visits made to the Consumer Technology Lab with technology specialists providing consultation and training to 246 individuals. Additionally, numerous public inquiries were made by agencies, businesses, and individuals interested in learning more about adaptive equipment for blind and visually impaired people. The Technology Lab has proven to be valuable in allowing blind individuals to have access to computers for the purpose of gaining experience in using adaptive equipment.

DSB BUSINESS AND TECHNOLOGY SERVICES (Continued)

Vending Facility Program- The Vending Facility Program (VFP) provides self-employment business opportunities throughout the state for individuals who are interested in, and have the necessary skills for, private enterprise. The vending locations are managed by totally blind or legally blind persons who have been trained and licensed by DSB under the federal Randolph Sheppard Act. In addition to initial training, managers are also provided technical assistance, financial management services and upward mobility training. The program also assesses and recruits potential new locations. It equips locations, maintains and replaces equipment as needed, and provides initial stock inventory. **In fiscal year 2012, \$49,260 was personally spent by the vendors upgrading existing facilities. Licensed blind vendors operated 17 vending locations with sales of over \$1.4 million dollars. There were also 16 mechanical vending locations on Arkansas highways generating income of \$144,465. Vending managers earned commissions on sales totaling \$399,539 an average of \$23,502 annually.**

SELF EMPLOYMENT - DSB also offers self employment guidance for vocational rehabilitation consumers interested in starting their own business. The guidance consists of tools for business planning, counseling and guidance and technical assistance as needed. DSB served 3 consumers during SFY 2012.

Volunteer Coordination- In SFY 2012, DSB volunteers participated in various activities with a total of 216 hours. Service was donated in the areas of management, direct services, advocacy, indirect services, special events, education and training, boards/commissions and advisory committee activities. A total of 81 volunteers donated time to DSB staff and consumers and various DSB and DHS projects.

Braille/Tape Production- This unit converts printed materials into Braille, large print, and cassette tape or computer diskette according to the user's preference in order to comply with ADA requirements or the Federal Rehabilitation Act. Services are provided after identifying preference of media choice from the agency's staff, consumers and other professionals throughout the field of blindness: e.g. textbooks, operating manuals, meeting agendas/minutes, training packets, test for employment, etc. This is a unique service specifically designed to meet the blind and visually impaired individual's needs. The service is managed by a Library of Congress Certified Braille Transcriber. **From July 1, 2011 through June 30, 2012, the Braille/Tape Production unit received a total of 330 requests for alternative format to print. 330 requests asked for Braille, resulting in the production of 6,408 Braille pages; as well as 6,907 large print pages. No tape production requests for the year.**

DIRECTOR'S OFFICE

The DSB Director's Office provides administrative guidance and supplemental staff support to the previously mentioned programs in the form of policy development, and financial services. Additionally, it oversees the operation of the Arkansas Information Reading Services for the Blind (AIRS).

Arkansas Information Reading Services for the Blind (AIRS)- Operating from the campus of the Arkansas Educational Television Network, the Reading Service provides daily telephone or broadcast readings of state and national newspapers, magazines and other printed material, which are not otherwise accessible to visually impaired and physically handicapped individuals. Consumers receive the audio programs by tuning in to a particular television channel in their area. **While the number of consumers who access the service by personal television is impossible to determine, in SFY 2012, AIRS served an average of 400 consumers each month throughout Arkansas, utilizing the telephone reader service that provides the reading of selected text upon demand from local, state and national sources.**

DIVISION OF

YOUTH

SERVICES

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF YOUTH SERVICES
INTRODUCTION
SFY 2012**

Mission

The mission of the Division of Youth Services is to provide effective prevention, intervention and treatment programs to give opportunities for success to families and children in Arkansas and to ensure public safety.

Vision

Children and families in Arkansas are safe and have the resources they need in their communities to help them succeed.

Values

This plan is based on a number of shared values and beliefs among stakeholders for juvenile justice reform:

1. State resources and programs to support children and families in Arkansas should be coordinated in a system of care for maximum effectiveness This imperative must infuse every goal and strategy in this plan.
2. Redirecting resources from incarceration and punishment to prevention and treatment will be more effective, less costly, and lead to greater public safety for citizens of the state.
3. Youth and families should receive services in community centers close to their homes whenever possible This will allow more community buy-in, family involvement, and ease of transition after treatment.
4. Response to children in trouble should involve multi-system interventions with their families, and families should be involved in needs assessment and planning.
5. Programs and services should be strength-based and empower youth and families to succeed.
6. Programs and services should be evidence-based or have data showing effective outcomes. To achieve this accountability will require better baseline data and on-going data sharing as well as a commitment to data-based decision making.
7. All children and youth in the state should have equal opportunities for fairness, help and success without regard to gender, race or ethnicity, disability, geographic location, income level, or any other factor.
8. An effective juvenile justice system will require creative partnerships among state agencies, public and private schools, churches and faith-based organizations, local communities, the judicial system, and foundations.

**ARKANSAS DHS STATISTICAL REPORT
DIVISION OF YOUTH SERVICES
INTRODUCTION
SFY 2012**

Historic Overview of DYS

Act 199 of 1905 established the first reform schools in Arkansas in Little Rock and Alexander, respectively.

Act 67 of 1917, the Arkansas Boys' Reform School was relocated to Pine Bluff.

Act 60 of 1937 established two additional "training" schools at Wrightsville and Fargo.

In 1968, the Department for Rehabilitative Services was assigned responsibility to administer "training" schools. The Benton Services Center was opened and controlled the diagnosis and intake responsibilities regarding the youth committed to state custody.

In 1971, Act 38 established the Department of Social and Rehabilitative Services (SRS), a forerunner to the current Department of Human Services (DHS). The Office of Juvenile Services was placed under the direction of the Director of SRS. In 1977, the Division of Youth Services was formally created as a division within the current DHS.

In 1985, Act 348 merged the Division of Youth Services with the Division of Children and Family Services until Act 1296 of 1993 reestablished DYS as an independent division within DHS. The Division of Youth Services (DYS) was authorized by Act 1296 to be "devoted entirely to handling the problems of youths involved in the juvenile justice system." DYS became operational in October 1993 and is responsible for client-specific programming and individual treatment programs, serious offender programs for violent youth offenders, providing alternative community-based programming, and other services specified directly by Act 1296.

**ARKANSAS DHHS STATISTICAL REPORT
DIVISION OF YOUTH SERVICES
SFY 2012**

In SFY 2012, the Division of Youth Services contracted with Community Based Providers (CBP) for the following services: Targeted Casework Management, Therapy, Diagnosis and Evaluation, Intensive Casework Management, Interstate Compact, Emergency Shelter and Residential Treatment. In addition, the Community Based Providers provided sanction services that included Community Service Supervision, Intensive Supervision and Tracking, Compliance Monitoring, Drug Screening, Day Services Level I, Day Services Level II, and Crisis Residential Treatment. Funding for community/based services was allocated to each judicial district, with one contractor servicing each district. The providers in each district conducted a needs survey in order to provide the services most beneficial to the youth in their individual areas. Aftercare services were provided in accordance with ACT 1222, with quarterly reports submitted to the Legislative Committee on Children and Youth.

The Division also contracts for Specialized Services including: Therapeutic Group Home Services, Comprehensive Residential Treatment Services in Psychiatric facilities, Sex Offender Treatment Services, Socialization/Recreation Services, Therapeutic Foster Care, Diagnosis and Evaluation and Therapy. Six Serious Offender Programs, four with 30 beds, one with 26, and one with 27 beds, have contracts with DYS.

The Residential Facilities programs had direct expenses in the amount of \$23,392,800.82. The Community Based programs had direct expenses in the amount of \$20,191,777.16. The Residential Treatment programs had direct expenses in the amount of \$3,205,927.10. Total funding was \$46,790,505.08.

COMMUNITY-BASED YOUTH SERVICES PROGRAMS
SFY 2012**

The Community-based program network consists of 13 privately-operated non-profit organizations for SFY 2012. The division contracts with these programs to provide residential and non-residential services to youth up to the age of 21 who are adjudicated delinquents, members of "families in need of service", or youth at risk (youth who exhibit behavior that, if continued, would bring them into contact with the juvenile justice system).

INTERSTATE COMPACT ON JUVENILES
SFY 2012**

The Interstate Compact on Juveniles (ICJ) was designed primarily for cases involving out-of-state runaways, escapees and absconders, and for the supervision of juveniles who have been adjudicated delinquent. It provides legal procedures for the return of runaways and makes it possible to place a juvenile on probation or parole in a state other than the one where the offense was committed with the assurance of supervision by the appropriate agencies of the state in which he/she is placed.

GLOSSARY

SFY 2012

Adult Protective Services (DAAS) protects and assists adults, age 18 and older, who are abused, neglected, or exploited, or any combination thereof, and who are endangered as a result of lack of capacity or impaired from mental or physical disease or defect as these terms are defined by Arkansas Statute.

Alternative Community Services (DDS) program under the Medicaid Waiver, analyzes and develops policy, researches and develops innovative programs, assists with grant applications, and oversees quality improvement activities.

AMIGOS Program (DCSNS) helps English as a Learned Language students (ELL) deal with culture shock and new learning environments. The mission of the AMIGOS program is to support and enhance the lives and academic skills of students who speak English as a second language.

ARKids First (DCO & DMS) provides health insurance to children who otherwise might not get medical care. The program offers two coverage options. ARKids A offers low-income children a comprehensive benefits package. ARKids B provides limited coverage for slightly higher income families. ARKids B requires a small co-pay for most services.

Commodity Distribution Program (DCO) processes and distributes raw commodities donated by the U.S. Department of Agriculture to schools and other eligible recipient agencies in Arkansas.

Compliance Monitoring/Electronic Monitoring (DYS) is a program which monitors a juvenile's presence in a particular location in order to enable the juvenile to remain in the home or return to the home, thus preventing institutionalization or re-institutionalization. Services are provided in accordance with an established plan of service and include contact with the juvenile to determine compliance with the plan.

Crisis Residential Services (DYS) includes intervention and stabilization of a juvenile in an existing facility that provides a structured setting, close supervision, and necessary interventions to allow the juvenile to return home. Services in a hardware secure facility are limited to fourteen (14) days per sanction. This service may include, but is not limited to, education and room and board.

Day Services (DYS) provides educational and therapeutic services to juveniles who have been initially ordered such services by the court or as a part of a legally authorized Diversion Agreement. The service is primarily to be provided as a sanction for non-compliance with a court order or an established aftercare plan. This service may also be used as an alternative to juvenile adjudication (Non-Sanction) to non-adjudicated youth who have been referred by a local school district, a juvenile intake officer, or by family. This service is designed to enhance a youth's behavior, academic performance, and interpersonal skills in a structured setting, either in a group or in a one-to-one basis, based on an individual case plan. The program is provided for a period of less than twenty-four (24) hours but more than two (2) hours and may include, but is not limited to, meals, transportation, therapy, anger management, counseling, peer relationships, recreation, socialization, and education.

Developmental Day Treatment Clinic Services (DDS) services may be provided in the child's home or in integrated day care programs, local health department offices, or clinics.

Diagnosis and Evaluation (DYS) is assessment of the nature and extent of a youth's physical, emotional, educational and behavioral problems and recommendations for treatment strategies to remedy the identified problems. The specific diagnostic services provided and level of sophistication of reports produced are based on the individual needs of the referring agency. Allowable components are educational evaluation, social assessment, psychological evaluation, psychiatric evaluation, and consultation with the referring agency. Evaluations may also include a medical evaluation, if the assessment indicates a physical association with the emotional and/or behavioral problem(s).

SFY 2012

Drug Screenings (DYS) is the collection and analysis of urine samples to determine if a youth is using drugs. May only be provided as a subordinate part of a sanction service for adjudicated delinquents or youth on aftercare status. This service may also be provided as Non-Sanction Drug Screening as a subordinate part of another service as a diversion from juvenile court or as court ordered for adjudicated Family In Need of Services (FINS). The Sanction Services are limited to the length of time a sanction is imposed. The Non-Sanction Services are limited to a period not to exceed six (6) months per each court order.

Emergency Shelter (DYS) are services, including room and board, for youth whose circumstances or behavioral problems necessitate immediate removal from their homes or for youth released from a youth services facility who need temporary placement in the community until long term residential arrangements can be made. The purposes of Emergency Shelters are (1) to provide shelter for a period necessary to make more permanent arrangements or (2) to provide a short-term alternative to secure detention. The extent and depth of the services provided to a youth in the Emergency Shelter program will depend upon the individual needs of the youth and the referral source. Emergency shelter is limited to a maximum of sixty (60) days in any six month period. An order from Juvenile Court may supersede the stated time constraints.

Emergency Shelter Grants Program (DCO) assists local communities to improve the quality of life for the homeless by: (1) Providing grants for minor renovations, rehabilitation or conversion of buildings for the homeless, (2) Providing funds for payments of certain operating and maintenance expenses, (3) Providing funds for essential social services expenses, and (4) Providing funds to be used for homeless prevention efforts.

Family Planning (DCO & DMS) provides limited coverage that includes family planning services only to women of childbearing age and who also meet income, resources and other criteria.

Hyperalimentation (DMS) is the administration of nutrients by intravenous feeding especially to patients who cannot ingest food through the alimentary tract (the tubular passage that begins from mouth and functions in digestion and absorption of food and elimination of residual waste.)

IndependentChoices (DAAS) is a consumer-directed Medicaid waiver for Medicaid eligible persons age 18 and above who have a medical need for personal care service. This consumer directed service gives clients a monthly cash allowance in place of traditional personal care. Eligible persons are able to choose, supervise and pay their own personal care aide and use some of the allowance to purchase goods and services related to personal care needs.

Intensive Casework Management (DYS) are services specifically designed for youth committed to a youth services facility operated by the Division of Youth Services. This should provide a community evaluation that includes recommendations for release plans, services to families of committed youth, advocacy on behalf of the youth, supervision, transportation, and follow-up. It may also include visiting youth at the Youth Services Center(s), under certain circumstances.

Intensive Casework Management For Serious Offenders (DYS) are services specifically designed for youth committed to the Division of Youth Services who have completed the residential phase of a serious offender program and who have been transferred back to the community. Services include, but are not limited to, recommendations for release plans, services to families of committed youth, advocacy on behalf of the youth, supervision, transportation, and follow-up.

Intensive Supervision and Tracking (DYS) is to provide intensive supervision and tracking services to juveniles who have been initially ordered this service by the court or as a part of a legally authorized Diversion Agreement. The service may also be used as a sanction for non-compliance with a court order or an established aftercare plan. The primary goal of this program is to support the youth in their homes primarily through individualized, consistently close supervision and monitoring. The service is available seven (7) days a week and may be performed at any hour of the day or night, depending on the situation.

Interstate Compact on Juveniles (DYS) provides for the supervision of out-of-state delinquent juveniles, provides for the return of runaways, provides authorized agreements for the cooperative institutionalization of special types of juveniles, and provides for the return of absconders and escapees. Allowable components include initial evaluation, supervision, follow-up reports, and discharge.

Long-Term Care (DCO & DMS) - individuals who are residents of nursing homes may qualify for Medicaid if the care in the facility is medically necessary and they meet income, resource and other criteria.

Low Income Home Energy Assistance Program (LIHEAP) (DCO) provides financial assistance to about 60,000 households each year to help them meet the costs of home energy i.e. gas, electricity, propane, etc. It also offers weatherization services and case management activities which are designed to encourage and enable households to reduce their energy costs and thereby, their need for financial assistance.

Medicaid (DCO & DMS) reimburses health care providers for covered medical services provided to eligible needy individuals in certain categories. Eligibility is determined based on income, resources, Arkansas residency, and other requirements.

Medicaid Eligible (DCO & DMS) is a person who has met certain requirements to obtain a Medicaid card.

Medicaid Recipient (DMS) is a person who uses their Medicaid card to receive Medicaid services.

Medically Needy (DCO & DMS) is intended to provide medical services for categorically related individuals or families whose income and/or resources exceed the limits for cash assistance but are insufficient to provide medical care.

Preadmission Screening Resident Review (DDS) program for Medicaid recipients seeking admission to a nursing home or presenting a mental status change while residing in a nursing home.

Pregnant Women (DCO & DMS) with income up to 200% of Federal Poverty Level may be eligible for limited coverage if they meet certain income, resource and other criteria, including prenatal, delivery, postpartum and conditions, which may complicate the pregnancy. Coverage continues through the pregnancy and until the end of the month that the 60th day postpartum falls.

Refugee Resettlement Program (DCO) assists newly arrived eligible refugees to assimilate into the American way of life, offering financial and medical services to eligible refugees for up to five years.

Residential Treatment (DYS) is twenty-four hour treatment services available for up to one year for each individual (recommended average: four to six months), for youth whose emotional and/or behavioral problems, as diagnosed by a qualified professional, cannot be remedied in his or her own home. Room and board is limited to six months in a one-year period. An order from Juvenile Court may supersede the stated time constraints.

Restorative Justice (DYS) is the compensation to a crime victim by the offender. Restorative justice programs may take minor offenders as well as serious offenders. This service may also be offered as Non-Sanction Restorative Justice programs but would then be limited to non-adjudicated youth as a diversion from adjudication by juvenile court. This program consists of three types of programs:

- **Cash:** A program which assists the offender in obtaining employment and, in some cases, provides supervision to the juvenile to monitor the payment of restitution to the victim or the juvenile's employment to ensure compliance with the established plan of service.
- **Restitution (Work for the Victim):** A program that monitors a juvenile's work activities to compensate a victim. The service may include arrangement of scheduled activities, monitoring of work performed, and reports to the court or DYS regarding compliance with the established case plan. The program may mediate between the victim and the offender to determine the amount of restitution.
- **Community Service Work:** A program that provides a site for community service work, supervision of the juvenile on the work site by program staff or via monitoring of reports from the work site, and reports to the court regarding compliance with the established case plan. The program may mediate between the victim and the offender to determine the amount of restitution.

Special Nutrition Programs (DCCECE) provides reimbursement for well-balanced, nutritious meals served to individuals enrolled in the Child and Adult Care Food Program, National School Lunch Program, Special Milk Program, and the Summer Food Service Program.

Substance Abuse Services (DBHS) The Office of Alcohol and Drug Abuse Prevention (ADAP) within the Division of Behavioral Health Services is the single state agency responsible for funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs and providing training to the field of substance abuse.

Supplemental Nutrition Assistance Program (SNAP) (formerly the Food Stamp Program) **(DCO)** provides food assistance to eligible households to cover a portion of a household's food budget. In addition to food assistance, the program provides food stamp recipients with nutrition education, employment & training, and work experience in some cases.

Targeted Case Management (DYS) are services that assist an individual or family in accessing needed medical, social, educational, and other services appropriate to the needs of the individual/family. Targeted case management services include client intake, assessment, periodic reassessment, case plan development and review, service referral, coordination and advocacy, monitoring of client service utilization, record keeping and documentation of service contacts and client progress, and transportation.

The Emergency Food Assistance Program (TEFAP) (DCO) makes surplus and purchased agricultural commodities available to low income households. The commodities are intended to supplement other foods and not serve as a household's sole or main food source.

Therapy (DYS) is a therapeutic relationship between the client and a qualified therapist for the purpose of accomplishing changes that are identified as goals in the case plan through the use of various counseling techniques. Services to specific individuals may include individual, group or family therapy, or consultation with the referral source as needed.

Transitional Employment Assistance (TEA) (DCO & DMS) program is a time-limited assistance program to help needy families with children become more responsible for their own support and less dependent on public assistance. In addition to monthly cash assistance, employment-related services are provided to parents, including job-readiness activities, transportation assistance, childcare assistance, and other supportive services so that the parent can engage in work or education and training activities.

GLOSSARY
SFY 2012**

U-18 (DCO & DMS) is a Medical Assistance Only category intended to provide services to needy individuals under 18 years of age who meet the TEA income and resource requirements.

Vocational Rehabilitation (DSB) objective is to ensure that qualified blind and visually impaired persons work in appropriate careers and become as personally and economically independent as possible.

Weatherization Assistance Program (DCO) installs energy conservation materials on the homes of 1,300 low-income families annually to lower utility bills. Materials generally installed include insulation of ceilings, duct sealing, weather-stripping and caulking doors and windows, replacement of broken windows and health and safety measures that are required prior to weatherization.

Work Pays (DCO) is an incentive program designed to encourage working TEA clients to remain employed after closure of the TEA case while increasing their hours of work and/or hourly wage. Families participating in Arkansas Work Pays will receive a monthly cash assistance payment in the amount of \$204 for up to 24 months, provided they meet the Work Pays eligibility requirements. The twenty-four months will count toward the federal 60 month time limit but not the state's TEA 24 month limit. This work incentive program may be limited to 3,000 families. This program was implemented in July 2006.
